Fundamentals of Innovative Sustainable Homes Design and Construction Avi Friedman,2023-06-26 This book offers ideas and practices on contemporary design concepts and illustrates them with plans and photographs of outstanding examples Current planning and design modes of dwellings and neighborhoods are facing challenges of philosophy and form Past approaches no longer sustain new demands and require innovative thinking The need for a new outlook is propelled by fundamental changes that touch upon environmental economic and social aspects The depletion of non renewable natural resources and climate change are a few of the environmental challenges Increasing costs of material labor land and infrastructure have posed economic challenges with affordability being paramount among them Social challenges are also drawing the attention of designers builders and homeowners Walkable communities aging in place and multigenerational living are some of the concepts considered In addition live work environments have become part of the economic reality for those who wishto work from home which has

become possible through digital advances The text would be of interest to scholars working in architecture urban planning and construction

Power to the Middle Bill Schaninger, Bryan Hancock, Emily Field, 2023-07-18 If you're thinking of cutting your midlevel managers in the new world of work think again Middle manager The term evokes a bygone industrial era in which managers functioned like cogs in a vast bureaucratic machine In recent decades midlevel managers became a favorite target for the chopping block underappreciated often considered a superfluous layer of the organization Not only does this outdated perspective need to change but the future demands it In *Power to the Middle* McKinsey thought leaders Bill Schaninger Bryan Hancock and Emily Field call for a profound reimagining of managers and their roles They explain how middle managers are uniquely positioned close to the ground but with a crucial connection to company strategy enabling them to guide their organizations through periods of rapid and complex change as well as to help shape the new world of work The authors compellingly illustrate this deep shift in the workplace showing how Managers are the key to winning the war for talent which requires strong people skills to attract and retain the best talent Managers must shift from merely enforcing rules to challenging them serving as critical stopgaps for rules that are ineffective or obsolete Crucially good managers must not be promoted out of their jobs Instead their title and compensation should reflect their high value and allow them to advance within their roles With rich stories and cutting edge research *Power to the Middle* offers a new model for companies to radically alter the way they hire train and reward their midlevel managers their most valuable asset
