A Companion to Research in Teacher Education Michael A. Peters, Bronwen Cowie, Ian Menter, 2017-05-31 This state of the art Companion assembles and assesses the extant research available on teacher education and provides clear guidelines on future directions It addresses an important need in a collection that will be of value for teachers teacher educators policymakers and politicians There has been little sustained long term or systematic research to provide empirical support for the broad aspects of teacher education policy largely because such research has been chronically underfunded and based on traditional practitioner knowledge Many of the

changes to teacher education are contentious and yet are occurring in rapid succession These policies and movements have important consequences for education teacher quality and the future of the teaching profession At the same time the policies and initiatives that support these changes seem to be based more on ideology business interests and tradition than on research and empirical findings The nature quality and effectiveness of teacher preparation have increasingly become a central focus for education policy worldwide in a fiercely argued debate among governments think tanks world policy agencies education researchers and teacher organisations

Effective Staff Development for School Change William T. Pink, Arthur A. Hyde, 1992 Any conception of staff development emerges from an understanding of teaching schooling and education The way people define and think about staff development will be influenced inevitably by their philosophy of education their values beliefs and their taken for granted assumptions about what is and what ought to be Clearly education theories interpretations of research and experiential considerations impinge on educators ideas and actions Thus these three broad frameworks must be illuminated in order to examine staff development This work explores these three major sources of conceptions of staff development theory research and analytical reflection of educators experiences It offers fresh insights into teaching and schools as well as a broader and more powerful conception of staff development
