Hi Ryan,

Thanks for the update. I think it's great to have this new way of organizing product info on Product Hunt and I'm sure it will make things a lot easier. However, as something of an older user here I don't really find myself using any particular features more than others so it won't really affect me in that regard. Regardless, we appreciate your efforts and thanks again for letting us know about the changes!

Best regards,

AI for School Leaders Vickie F. Echols, 2024 This practical guide helps school leaders leverage the power of AI to explore possible solutions to problems and generate actionable steps toward positive change. Imagine a world where educators can boost their productivity, task management, and overall well-being with the aid of an AI assistant. In this groundbreaking book, an experienced school leader offers practical strategies for leveraging AI to support a more efficient and effective way to work. The 62 strategies in this book will help leaders, including those with limited technical knowledge, use AI tools to address critical aspects of leadership in education, such as collaborative decision making, building relationships, and trust, personalized professional learning, data analysis and improvement, and parent and community engagement. Featured examples show how using AI can speed up or eliminate administrative tasks, leaving more time for human interaction. With detailed prompts and instructions on how to write them, the book offers fun, innovative ideas that promote work-life balance and sustainable wellness in leadership roles, with strategies for managing workload and fostering personal growth. The book follows a structured format, with each example offering a problem, solution, action steps, acceleration tips, and cautions. Shows how to formulate effective AI prompts that yield accurate and meaningful responses from AI tools. Addresses safety and ethical considerations, highlighting potential risks, challenges, and cautions school leaders need to be aware of when using AI-powered solutions. Whether you're an experienced leader or just starting out, this book equips you with the tools and insights needed to lead with confidence, collaboration, and compassion. Stay ahead of the curve and embrace the transformative potential of AI with this essential resource. Audience: Education leaders and administrators. **A**

Teacher's Guide to Conversational AI David A. Joyner, 2024-05-27 A Teacher's Guide to Conversational AI explores the practical role that language-based artificial intelligence tools play in classroom teaching, learning experiences, and student assessment. Today's educators are well aware that conversational and generative AI chatbots, intelligent tutoring systems, large language models, and more represent a complex new factor in teaching and learning. This introductory primer offers comprehensive, novice-friendly guidance into the challenges and opportunities of incorporating AI into K-12 schools and college classes in ways that are appropriate, nourishing to students, and outcomes-driven. Opening with an informative overview of the foundational properties, key terminology, and ethical considerations of these tools, the book offers a coherent and realistic vision of classrooms that are enhanced rather than stymied by AI systems. This includes strategies for designing assessments that are conducive to students' beneficial use of AI while mitigating overreliance or dishonesty; using AI to generate lesson examples for student critique or custom content that reinforces course principles; leveraging chatbots as a co-instructor or a tutor, a guide during student-driven learning, a virtual debate or brainstorming partner, and a design project; and creating course content, lesson plans, and activities. Expanded language and accessibility options and beyond. Through the depth of understanding and applied approach provided in these chapters, teachers and leaders in training and in service

alongside private tutors college instructors and other educators will be better prepared to future proof their efforts to serve new generations of learners
