[Digital Influence Mercenaries](#) James (J.F.) Forest,2022-04-15 In today's online attention economy supply and demand have created a rapidly growing market for firms and entrepreneurs using the tactics tools and strategies of digital influence warfare to gain profit and power This book focuses on the more malicious types of online activity such as deception provocation and a host of other dirty tricks conducted by these digital influence mercenaries They can be located anywhere with an Internet connection Brazil China Iran Macedonia Russia Zimbabwe and the targets of their influence efforts can be

whomever and wherever they are paid to attack They can do this for state governments willing to pay and provide their targeting instructions usually in support of foreign policy objectives and may have specific metrics by which they will assess the mercenaries performance Non state actors including corporations and political parties can pay for these kinds of digital influence services as well And in addition to being paid for services rendered digital influence mercenaries can also profit simply by manipulating the targeted advertising algorithms used by social media platforms James J F Forest describes in detail the various tools and tactics these mercenaries use to exploit the uncertainties fears and biases of their targets including bots deep fake images fake news provocation deception and trolling He also shows how they weaponize conspiracy theories and disinformation to manipulate people s beliefs and perceptions Forest also highlights how government agencies and social media platforms are trying to defend against these foreign influence campaigns through such tactics as shutting down offending websites Facebook pages and YouTube channels tagging disinformation with warning labels identifying and blocking coordinated inauthentic behavior and suspending social media accounts often permanently European and North American governments have launched numerous investigations against these mercenaries and in some cases have brought criminal charges Forest concludes with suggestions for how each of us can learn to identify disinformation and other malicious efforts and defend ourselves in the future

*Open Talent* John Winsor, Jin H. Paik, 2024-01-16 In the new world of hybrid work and AI one thing is clear the war for talent is over and talent won With sparsely populated offices and people working from wherever they are and with AI emerging everywhere in business and dominating headlines our work lives have undergone a remarkable transformation seemingly overnight But the reality is that for years the ever growing digital wave has been breaking down organizational boundaries and increasing the adoption of open innovation including the use of crowdsourcing platforms as a talent solution Now the imperative is clear adapt to and leverage this new digitally enabled world of open talent or get left behind In this eye opening essential guidebook John Winsor and Jin Paik with their work at the Laboratory for Innovation Science at Harvard show how the massive reset of the pandemic allowed talented workers everywhere to exit their jobs without leaving the workforce Now many are freelancing for multiple companies or are starting small businesses challenging hiring managers as never before amidst a transformed workforce What s more talent has more power than ever using platforms such as Freelancer com Fiverr and Upwork setting their own terms for work what where when and at what price How can companies adapt The key the authors argue is shifting to a more distributed idea and structure of collaborative work The authors call this a networked organization where talent is culled from both inside and outside the organization and viewed through a single lens as a global ecosystem that can be tapped as needed With rich stories keen insights and an abundance of practical advice Winsor and Paik provide a new framework and operating model for transforming your organization into a talent orchestrating problem solving machine
