contradicting and often false information scattered all over the internet it's no wonder why so many people often struggle to find a starting point when there's so many conflicting views on what the best quality equipment is what launch strategy should be used and even editing. In fact it can even create the illusion that starting a podcast is a daunting and time consuming process. You might be reluctant to commit to something you lack both knowledge and experience in or you're worried that when you do make that leap there'll be no one on the other side listening. Maybe you're skeptical of whether you'll be able to get guests on as a newbie with no name to yourself. In *Podcasting Made Simple* you will discover The X factor that leaves listeners craving their next fix of your content. The secret to creating an immersive parasocial relationship with your audience. Why trying to monetize incorrectly can actually ruin your chances of turning your hobby to an income. Why many podcasters' advertisement and promotion actually repels potential listeners. How to create a loveable personal brand through emotional familiarity. The simple straight forward guide to recording and editing equipment recommendations included 5 simple tricks to make postproduction a breeze. How to choose and execute the launch strategy that's right for you. Why over half of podcasts are given up on by 6 months down the line. How to format the perfect email that will get sponsors running your way even if you have a low listenership. Unique ways to start attracting guests and become an authoritative figure. The pre guest ritual that guarantees a free flowing interview. The single most important voice technique that you can use to differentiate your show from competitors. This digestible guide is made for people who have no experience so yes this will work for you even if you've never spoken into a microphone. Even if you're not a technology guru and have no presence on social media. Even if you have an extremely busy schedule and a low budget. Even if you think your content ideas are absolutely absurd and no one will listen. Even if there are thousands of podcasts similar to yours already published and you have no marketing experience. Jason Havey, *Spinning Logic Podcast*, **Take Control of Podcasting on the Mac**, Andy J. Williams, *Affleck*, 2014. [Podcasting For Dummies](#), Tee Morris, *Evo Terra*, 2005-11-07. Podcasting is like blogging out loud. It gives you a voice, one that can be heard worldwide on computers, iPods, or other MP3 players. You can podcast to boost your business, promote your passion, share your opinions, or just have fun. The point is to say what you want to say to those who want to hear it. With step-by-step explanations, screen shots, and tons of examples, this guide clues you in on recording, producing, and hosting your very own podcast, with info on finding your voice and your niche, whether you want to talk tech, make your own kinds of music, educate listeners, make people laugh, do soundseeing tours, serialize your novel, or invent a new podcasting genre. Getting the bare necessities if you don't already have them, including a microphone, recording software, and an audio card. Audio editing software such as Audacity, Cakewalk for PCs, GarageBand for musicality, and Audio Hijack Pro for Macs. Recording, including understanding dB decibel levels, capturing or minimizing ambient noise, and more. Editing with GarageBand or Audacity, adding bed music, and including intros and outros for a signature finishing touch. You want your podcast to be heard. *Podcasting For Dummies* helps you launch and promote it, with info on how to downsize your audio files with MP3 compression, change bit rates and sample rates in Audacity and iTunes, create and edit your ID3 tags in Audacity or iTunes, post your show notes using Movable Type or Libsyn, simplify the RSS 2.0 feed by using blogging software or a podcast hosting company such as Audioblog.com, Podcastomatic, and Feeder. Ping for publicity. Communicate with your listeners on your blog through online discussion groups such as Yahoo Groups or Google Groups, or on online forums. Of course, if you want to be a podcatcher, a listener, and subscribe to podcasts, this guide shows you how to do that, too. Complete with a companion podcast, a free weekly audio commentary that will keep you up to speed on the podosphere, this guide helps you get your message heard, loud and clear. **How to Podcast**, HowtoExpert Press, 2011.
