Whitehall It concludes by arguing that New Labour's approach to Whitehall have been part of a broader strategy to reconstitute the power of the Westminster Model **What the Media are Doing to Our Politics** John Lloyd, 2004 Nothing more grimly highlights the terrible state of relations between the British press and the Government than the autumn 2003 Hutton Inquiry into the tragic death of weapons expert David Kelly Indeed as John Lloyd argues in this timely and deeply controversial book the media are now no longer functioning as an inquiring check on the excesses of the political class Instead they have become an alternative establishment one supremely dedicated to a theatrical distrust of individual politicians and a furious and calculated indifference to the real life intricacies of world policy making That the media have emerged today as a powerful and largely unaccountable force in British public life is undeniable But here Lloyd takes things further and puts forward the case persuasively and aggressively that the composition and background of the media elite and the growing emphasis on profit in the companies for which they work have created an idol that takes as its sacrifice justice and balance and deprives the public of the information they need in order to act as responsible citizens **The Transformation of Political Communication** Ralph Negrine, 2008-09-10 The relationship between politics and the media is continually evolving Offering a critical historical approach this title explores the technological political and social forces that affect the practice of political communication throughout the world today **New Statesman**, 2002-04 **Morality Tales** María José Canel, Karen Sanders, 2006 Taking political scandal as the entry point this book presents a study of comparative political communication It explores themes such as how and why journalists construct their scandal stories what kind of narratives were told the impact of political scandal and what this reveals about the influence of the press

Democratic Experiments, 2006 Includes the following lectures Australia's representation gap a role for parliamentary committees Independents in the Federal parliament a new challenge or a passing phase **Choice**, 2002 **A Land Fit for Criminals** David Fraser, 2006 In this meticulously researched and passionately argued study of the contemporary British justice system David Fraser offers a sobering indictment of post war British governments who have not only overseen but also fostered this spectacular and terrifying rise in crime Almost without exception governments and the civil servants and academics who abet them have sought to persuade us that criminals are victims of society and that they are best rehabilitated within the community rather than punished inside prisons So pervasive has this anti prison propaganda now become that few of whatever political complexion are now prepared to question its truth However as David Fraser cogently argues community supervision and probation orders have simply left criminals free to reoffend while the criminal justice system's near obsession with the well being of criminals has come to override its concern for their victims whose interests and sufferings are callously ignored **BOOK JACKET** Communicating Politics in the Twenty-First Century Karen Sanders, 2009 Practical topical and theoretical this book takes an original look at how politics is communicated around the world by politicians governments and the media industries It features use of international examples and a broad coverage of

a burgeoning area of study It presents a truly engaging and readable style From propaganda and protests to Marx and Obama this book provides an engaging look at politics in the media Historical detail and contemporary examples are used to explore essential theory and key research in the field Topical and comprehensive this book covers everything students need to know about the global world of political communication Britain at the Polls, 2001 Anthony King,2002 Finally voter turnout in 2001 was at a record low and this fact alone marks out the 2001 election from every other general election since the war ICSSR Journal of Abstracts and Reviews Indian Council of Social Science Research,2002 **Forthcoming**
