**Concept of Poetry, an Indian Approach** Kalipada Giri,1975     New Critical Nostalgia Christopher Rovee,2024-01-02 New Critical Nostalgia weighs the future of literary study by reassessing its past It tracks today s impassioned debates about method back to the discipline s early professional era when an unprecedented makeover of American higher education with far reaching social consequences resulted in what we might call our first crisis of academic life Rovee probes literary study s nostalgic attachments to this past by recasting an essential episode in the historiography of English the vigorous rejection of romanticism by American New Critics in the new light of the American university s tectonic growth In the process he demonstrates literary study s profound investment in romanticism and reveals the romantic lyric s special affect nostalgia as having been part of English s professional identity all along New Critical Nostalgia meticulously shows what is lost in reducing mid century American criticism and the intense quirky and unpredictable writings of central figures such as Cleanth Brooks Josephine Miles and W K Wimsatt to a glib monolith of New Critical anti romanticism In Rovee s historically rich account grounded in analysis of critical texts and enlivened by archival study readers discover John Crowe Ransom s and William Wordsworth s shared existential nostalgia witness the demolition of the immature Percy Shelley in the revolutionary textbook Understanding Poetry explore the classroom give and take prompted by the close reading of John Keats consider the strange ambivalence toward Lord Byron on the part of formalist critics and romantic scholars alike and encounter the strikingly contemporary quantitative studies by one of the mid century s preeminent poetry scholars Josephine Miles These complex and enthralling engagements with the romantic lyric introduce the reader to a dynamic intellectual milieu in which professionals with varying methodological commitments from New Critics to computationalists working in radically different academic locales from Nashville and New Haven to Baton Rouge and Berkeley wrangled over what it means to read with nothing less than the future of the discipline at stake

*A Concept of Poetry* Frederick Charles Gruber,1934     Language and literature (general) pamphlets ,1930     The Making of Catalan Linguistic Identity in Medieval and Early Modern Times Vicente Lledó-Guillem,2018-02-12 The historical relationship between the Catalan and Occitan languages had a definitive impact on the linguistic identity of the powerful Crown of Aragon and the emergent Spanish Empire Drawing upon a wealth of historical documents linguistic treatises and literary texts this book offers fresh insights into the political and cultural forces that shaped national identities in the Iberian Peninsula and consequently neighboring areas of the Mediterranean during the Middle Ages and the Early Modern Period The innovative

textual approach taken in these pages exposes the multifaceted ways in which the boundaries between the region's most prestigious languages were contested and demonstrates how linguistic identities were linked to ongoing struggles for political power. As the analysis reveals, the ideological construction of Occitan would play a crucial role in the construction of a unified Catalan, and Catalan would in turn give rise to a fervent debate around Spanish language that has endured through the present day. This book will appeal to students and scholars of historical linguistics, sociolinguistics, Hispanic linguistics, Catalan language and linguistics, anthropological linguistics, Early Modern literature and culture, and the history of the Mediterranean.
