James David Rockefeller, Notetaking method reinforced from other sources later back into the mainstream. The practice of notetaking allows students to review material without relying solely on their memories. Not all students have good note-taking skills and some would argue that the traditional method of notetaking is not the most useful method for all students. The VUL Notetaking Strategy defined as the recording of information non-linguistically. The method involves drawing pictures. It is not simply using keywords or using mind mapping or conceptual representations. Notetaking is a skill that takes practice but it makes a tremendous difference in grades and more importantly improves the ability to learn and feel successful.
