## **Conflict And Conciliation In Ireland 1890 1910 Parnellites And Radical Agrarians:**

**Conflict and Conciliation in Ireland, 1890-1910** Paul Bew, 1987 This book explores the dilemma of Irish constitutional nationalism in the period from the fall of Parnell to the rise of Sinn Féin when the two competing wings of conciliators and militants struggled for control of the movement By laying stress on the grass roots dimensions and divisions of Irish constitutional nationalism the book offers an original interpretation of the reasons for its collapse and poses questions about the capacity for flexibility of the Unionist and nationalist traditions which are relevant today

**The Fenian Ideal and Irish Nationalism, 1882-1916** M. J. Kelly, 2006 This book analyses Fenian influences on Irish nationalism between the Phoenix Park murders of 1882 and the Easter Rising of 1916 It challenges the convention that Irish separatist politics before the First World War were marginal and irrelevant showing instead that clear boundaries between home rule and separatist nationalism did not exist Kelly examines how leading home rule MPs argued that Parnellism was Fenianism by other means and how Fenian politics were influenced by Irish cultural nationalism which reinforced separatist orthodoxies serving to clarify the ideological distance between Fenians and home rulers It discusses how early Sinn Féin gave voice to these new orthodoxies and concludes by examining the ideological complexities of the Irish Volunteers and exploring Irish politics between 1914 and 1916

**Michael Davitt** Carla King, 2009 This short biography outlines the scope of Davitt's great interests and achievements

*The Oxford Handbook of Modern Irish History* Alvin Jackson, 2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The Handbook combines sets of wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland

*Britain and Ireland* Jeremy Smith, 2014-05-12 Jeremy Smith explores relations between Britain and Ireland during the late nineteenth and early twentieth century with a story that still raises deep passions and bitter disagreements both among historians and within wider public opinion This examination attempts to chart a more dispassionate course between the various contending positions and has enormous relevance to the unfolding events in both Northern Ireland and Britain as the United Kingdom moves towards a federal constitutional structure Books in this Seminar Studies in History series bridge the gap between textbook and specialist survey and consists of a brief

Introduction and or Background to the subject valuable in bringing the reader up to speed on the area being examined followed by a substantial and authoritative section of Analysis focusing on the main themes and issues There is a succinct Assessment of the subject a generous selection of Documents and a detailed bibliography Incorporates a large amount of research on Irish history during the last two decades and gives particular focus to the dramatic events between the Easter rising of 1916 and the intense negotiations surrounding the Treaty in the autumn of 1921 For those interested in the history between Ireland and Britain County Longford and the Irish Revolution, 1910-1923 Marie Coleman, 2003 This book gives an insight into the Irish revolution and seeks to explain how it came about through a study of events at a regional level County Longford was the scene of Sinn Féin's crucial by election victories in 1917 and an active area of IRA operations during the War of Independence Sinn Féin's victory in the by election acted as a catalyst for the rapid spread of the movement throughout Longford in the latter half of 1917 Marie Coleman discusses the political aspect of the revolution by examining the importance of administrative changes as Sinn Féin and Dáil Éireann usurped the functions of the courts and local government and then goes on to describe the military side of the revolution A narrative account of the War of Independence and Civil War in Longford is followed by a personnel profile of the Volunteers and Cumann na mBan respectively outlining their activities at various stages of the independence campaign and examining their motivation for joining these organisations and engaging in violent activity *Graziers, Land Reform, and Political Conflict in Ireland* David Seth Jones, 1995 Although much of the recent writing on agrarian society in Ireland has concentrated on the peasantry there also existed alongside the small farmers and still exists today another significant group of land occupiers These were extensive farmers commonly known as graziers or ranchers who held large tracts of land and engaged in cattle and sheep grazing In fact certain areas of Ireland have been for generations mainly populated by graziers They have been a cornerstone of the cattle and sheep industry and thus a vital force in Ireland's agricultural economy Their importance grew as the country shifted from a tillage based to a pasture based economy during the nineteenth century Yet until now graziers have not been the subject of extensive study Here David Seth Jones examines the ranching system and its role in the far reaching political social and economic changes that overtook Ireland during the late eighteenth nineteenth and early twentieth centuries Much of his inquiry relates to the period from 1880 to 1914 which includes the rise of the so called eleven month system the land war the anti grazier agitation and the commencement of a program of land distribution The first part of this study considers the economic characteristics of ranch farming its development and the origins and position of the grazier in the rural community Particular attention is given to the graziers dependence and influence upon the land market The latter part of the book examines how they responded to and were affected by the struggle for land reform and land distribution and it deals at length with the rise of the anti grazier agitation after 1900 and the ensuing program of distribution of ranch land The study concludes with an examination of why the graziers failed to gain acceptance in the Irish agrarian community Drawing upon a

wide range of sources including rental and farm accounts and other personal records diaries letters notebooks daybooks as well as many official documents this long awaited highly original study sheds much needed light on the important role of the graziers in Irish history It will be valuable reading for both scholars and students of Irish economic social and political history David Seth Jones earned a Ph D in politics from Queen s University of Belfast in 1977 For three years he served as a professional officer in the Department of Agriculture of the Northern Ireland Civil Service and for a further three years was a university lecturer in southern Africa He is now senior lecturer in political science at the National University of Singapore where he has taught since 1982 **Irish Economic and Social History** ,1987 The Moynihan Brothers in Peace and War, 1908-1918 Deirdre McMahon,2004 The book comprises correspondence between two brothers Michael and John

Moynihan who came from a prominent political family in Tralee Co Kerry It covers the period 1909 18 during which Michael attended university in Dublin joined the Inland Revenue moved to London became a Territorial volunteer with the Civil Service Rifles in March 1914 fought in the Great War and was killed in June 1918 just five months before the Armistice The letters between Michael and John are unpredictable and encyclopaedic in their range of reference They cover such topics as Kerry Irish and international politics religion and church state relations unionism the Irish language the Easter Rising the trial of Roger Casement and conscription Last but by no means least the correspondence after March 1914 increasingly reflects Michael s preoccupation with his military life and training the progress of the war and life at the front The correspondence provides a vivid portrait of two young men and their family growing to maturity in one of the most significant decades in twentieth century Ireland The family was politically prominent in their native Tralee but was to achieve national importance in the decades after independence with John and his younger brother Maurice being appointed in succession as Secretary to the Government **An Examination of the Controversial Plays of the Irish Literary Movement from 1899-1909** Terri Preston (E.),1988 **Famine, Land, and Culture in Ireland** Carla King,2000 Land has been a dominant theme in modern Irish history extending to political and cultural issues as well as permeating social and economic ones

Irish Terrorism in the Atlantic Community, 1865-1922 Jonathan Gantt,2010-04-29 Using a transnational approach this volume surveys the origins of Irish terrorism and its impact on the Anglo Saxon community during an era of intense imperialism While at times it posed sharp disagreements between Britain and the United States their ideological repulsion to terrorism later led to cooperation in counter terrorism strategies **Cumulative Bibliography of Victorian Studies** ,1970
