Conquest and Union Steven G. Ellis, Sarah Barber, 2014-06-06 The British Isles is a multi national arena but its history has traditionally been studied from a distinctively English often indeed London perspective Now however the interweaving of the distinct but mutually dependent histories of the four nations is at the heart of some of the liveliest historical research today In this major contribution to that research eleven leading scholars consider key aspects of the internal relations of England Scotland Ireland and Wales in the early modern period and the problems of accommodating different and resistant cultures to a single centralizing polity The contributors are Sarah Barber Toby Barnard Ciaran Brady Keith M Brown Jane Dawson Steven G Ellis David Hayton Philip Jenkins Alan Macinnes Michael Mac Craith and John Morrill **The Making of**

the British Isles Steven G. Ellis, Christopher Maginn, 2014-07-15 The history of the British Isles is the story of four peoples linked together by a process of state building that was as much about far sighted planning and vision as coincidence accident and failure It is a history of revolts and reversal familial bonds and enmity the study of which does much to explain the underlying tension between the nations of modern day Britain The Making of the British Isles recounts the development of the nations of England Scotland Wales and Ireland from the time of the Anglo French dual monarchy under Henry VI through the Wars of the Roses the Reformation crisis the reigns of Henry VIII and Elizabeth I the Anglo Scottish dynastic union the British multiple monarchy and the Cromwellian Republic ending with the acts of British Union and the Restoration of the Monarchy *A Companion to Britain in the Later Middle Ages* S. H. Rigby, 2008-04-15 This authoritative survey of Britain in the later Middle Ages comprises 28 chapters written by leading figures in the field Covers social economic political religious and cultural history in England Ireland Scotland and Wales Provides a guide to the historical debates over the later Middle Ages Addresses questions at the leading edge of historical scholarship Each chapter includes suggestions for further reading

Smith, 2009-04-14 This volume extends the British Isles approach pioneered by Robin Frame and Rees Davies to the later middle ages Through examination of issues such as frontier formation colonial identities and connections with the wider world it explores whether this period saw the bonds between the British Isles weaken strengthen or simply alter Mercenaries and Paid Men John France, 2008-03-31 Mercenaries have always had a poor press Theirs is one of the world s oldest professions but the very word has profoundly negative connotations of infidelity and ruthlessness But were they so different from soldiers Why in any case were they so omnipresent in the warfare of the medieval and early modern period What kind of men became mercenaries and where did they come from These are some of the questions which the essays in this volume address Contributors are Richard Abels Bernard Bachrach David Bachrach Adrian Bell Charles Bowlus David Crouch Guido Dall Oro Kelly Devries Sven Ekdahl John Hosler John Law Alan Murray Stephen Morillo Laura Napran Eljas Oksanen Carlos Andrez Gonzalez Paz Ciaran Og O Reilly Muriola Prendergast Nicolas Prouteau John Pryor Ifor Rowlands Spencer Smith *The Transformation of Scotland, 1707 - 1850* Anthony Cooke, Ian Donnachie, 1998-01-23 This is the first volume of a distance learning history of Scotland course running from January 1998 The successful completion of the course gives students the equivalent to Junior Honours OU Level 3 and carries 60 SCOTCAT points The 26 major topics are covered in five books designed for self study and written to accompany the course These volumes are two tutorial volumes two volumes of reprinted articles and essays and a volume of documents The first half of the course covers the period 1707 to 1850 Beginning with the Union of 1707 and Jacobitism the course considers topics including industrialization politics religion the environment class demography and culture as well as looking at the differences between Highland and Lowland society and economy The project team for this part of the course includes C G Brown G Carruthers A J Cooke I Donnachie W H Fraser M T G Fry B Harris A I Macinnes I Maver T C Smout N L Tranter C A Whatley I D Whyte and D J Withrington The period 1850 to the present is covered in the second half of the course Again a wide range of topics is studied and some topics such as industrialization demography urbanization religion class education culture and Highland and Lowland society is continued The project team for this second part of the course includes R D Anderson R Anthony C G Brown E A Cameron R J Finlay J O Foster C Harvie W Kenefick R A Lambert I Levitt A J MacIvor R J Morris and P L Payne **Making Ireland English** Jane Ohlmeyer, 2012-06-26 This groundbreaking book provides the first comprehensive study of the remaking of Ireland s aristocracy during the seventeenth century It is a study of the Irish peerage and its role in the establishment of English control over Ireland Jane Ohlmeyer s research in the archives of the era yields a major new understanding of early Irish and British elite and it offers fresh perspectives on the experiences of the Irish English and Scottish lords in wider British and continental contexts The book examines the resident peerage as an aggregate of 91 families not simply 311 individuals and demonstrates how a reconstituted peerage of mixed faith and

ethnicity assimilated the established Catholic aristocracy Tracking the impact of colonization civil war and other significant factors on the fortunes of the peerage in Ireland Ohlmeyer arrives at a fresh assessment of the key accomplishment of the new Irish elite making Ireland English

The Reformation in Britain and Ireland Ian Hazlett, 2003 This book is a new and wide ranging introduction to the Reformation throughout the British Isles Full treatment is given to the fascinating and often very different but interrelated experiences in England Wales Scotland and Ireland This approach is unique Previous introductions have invariably concentrated on England with lesser sections on Wales and Scotland often ignoring Ireland altogether The book is more than a modern introduction survey and summary of the Reformation period Ian Hazlett provides fresh research and critical analysis which will be of considerable interest to a new generation of scholars and students The material is written and organized in a highly readable and accessible form Here is a well balanced introduction and resource for non specialists as well as scholars and students

The Age of Reformation Alec Ryrie, 2009 The sixteenth century was an age of Reformation There was religious reformation as Protestantism came to England Scotland and even Ireland bringing liberation chaos and bloodshed in its wake And there was political reformation as the Tudor and Stewart later Stuart monarchs made their authority felt within and beyond their kingdoms more than any of their predecessors Together these two reformations produced not only a new religion but a new politics absolutist yet pluralist populist yet law bound and a new society controlled fractured yet more widely engaged and empowered than ever before In this book Alec Ryrie provides an authoritative overview of these momentous events showing how religion politics and social change were always intimately interlinked from the murderous politics of the Tudor court to the building and fragmentation of new religious and social identities in the parishes Drawing on the most recent research he explains why events took the course they did and why that course was so often an unexpected and an unlikely one

The British Empire Philippa Levine, 2007 Violent powerful vast the British Empire is typically viewed as distant and tropical By contrast this book examines the effects of the empire on men women and children across the globe both those under imperial rule and those who implemented it Looking beyond politics and diplomacy Philippa Levine combines a traditional approach to colonial history with an investigation of the experience of living within the empire Spanning the period from Cromwell's rule to decolonization in the late twentieth century and including an extensive chronology for ease of reference Levine considers the impact of British rule for people in Africa India and Australia as well as for the English rulers and for the Welsh Scots and Irish who were subject to internal colonialism under the English yoke Imperialism often led to serious unrest Levine examines the cruel side of imperialism's purportedly civilizing mission unflinchingly

Archipelagic Identities Philip Schwyzer, Simon Meador, 2004 The devolutionary shifts in British politics and the nature of British identity lead the contributors to this study to ask when and where was Britain The notion of an Atlantic Archipelago is unfamiliar yet it allows a fresh approach to literary criticism and the assimilation of external ideas from neighbours

The Making of the United Kingdom, 1660-1800 Jim Smyth, 2001 The three kingdoms

or four nations which became the United Kingdom of Great Britain and Ireland in 1801 have distinct but not separate histories Sensitive questions of religion local loyalty and allegiance to the state shaped politics within and between the four nations and still give an edge to politics in parts of modern Britain In 1660 the restoration of Charles II to all three of his kingdoms was followed by an attempt to impose religious uniformity across his kingdoms It failed The make up of the British Isles was too diverse Tories Jacobites radicals and Whigs each had strong links to a Church or religious faction Politics and religion could intermingle dangerously Fear of popery was a major cause of the revolution of 1688 and at the beginning of the eighteenth century Presbyterians led Scottish opposition to a union until they were recognised as an established church At the end of the century the architects of the act of union with Ireland hoped finally to resolve the Catholic Question but as it does today constitutional change brought issues of national identity to the fore The eighteenth century witnessed the triumph of unionism on the larger island and the rise of nationalism and separatism across the Irish sea The Making of the United Kingdom seeks to explain that crucial divergence and gives an incisive account of the forging of Britishness the sense of a new nation Jim Smyth is Professor of History University of Notre Dame *Historical Studies* Neal Garnham, Keith Jeffery, 2005 Vol 1 made up of papers read at 2d conference **Europe's Old States in the New World Order** Joseph Ruane, Jennifer Todd, Anne Mandeville, 2003 Much attention has been paid to globalization yet little has been focused on the relationship between the national and sub national levels of politics This publication has separate sections on the state in transition on regionalism nationalism and separatism and on the security forces and the maintenance of order The three states chosen Britain France and Spain have historical similarities as ex imperial Atlantic seaboard states with weighty historical and institutional traditions But they also differ in their institutions in their centre periphery relations and in their varying responses to the new phase of change The authors assess the new constitutional configurations in each state decentralisation devolution or autonomous governments and analyse the effect on the peripheries and the maintenance of order The book also includes chapters on conflict in Northern Ireland and the Spanish Basque country and discussion of nationalist identity and assertion in the three countries Urban Politics and British Civil Wars Laura A. M. Stewart, 2006 This work examines Edinburgh's contribution to the outbreak of the British civil wars and its importance in the establishment of the revolutionary Covenanting regime Early modern urban culture multiple monarchy and post Reformation religious radicalism are key themes of the book *Violence, Custom and Law* Cynthia J. Neville, 1998 Centuries long hostility between Scotland and England affected the pattern of criminal activity in the Anglo Scottish Border lands This is a fascinating account of how the area created and refined a new system of law to deal with the conflict in the thirteenth to fifteenth centuries *Civil War and Restoration in the Three Stuart Kingdoms* Jane H. Ohlmeyer, 2001 Ohlmeyer history Aberdeen U sets out to discover whether Irish statesman MacDonnell 1609-83 deserved indeed deserves the dismal reputation he acquired among his contemporaries and has steadfastly maintained amongst historians every since She traces his career chronologically from

his 1635 marriage to the duchess of Buckingham through the upheavals of civil war interregnum and restoration to his return to his County Antrim estates in 1665 She adds a short new preface to the reprint the 1993 original was published by Cambridge University Press Distributed in the US by ISBS c Book News Inc *History of Britain, A - Volume II* Simon Schama, 2000 The second installment of Schama's epic three part history of Britain is a complete chronicle of the eventful years from 1603 to 1776 150 color photos 10 color maps **Irish Historical Studies** , 2006 Vols 1 include the sections Writings on Irish history 1936 1979 Research on Irish history in Irish British and American universities 1937 8
