Conflict And Language Planning In Quebec:

Conflict and Language Planning in Quebec Richard Y. Bourhis, 1984 This book presents a coherent picture of Quebec's efforts to make French the only official language of Quebec society This book provides many answers as to why Bill 101 was implemented by the Quebec Government but it raises numerous questions when it comes time to evaluate the impact of the Charter on different sectors of Quebec society Bilingualism and Linguistic Conflict in Romance Rebecca Posner, John N. Green, 1993 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by approaching language from an interdisciplinary perspective TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing Language Conflict and Language Planning Ernst H. Behiels, Matthew Hayday, 2011-11-30 In the last seventy years Quebec has changed from a society dominated by the social edicts of the Catholic Church and the economic interests of anglophone business leaders to a more secular culture that frequently elects separatist political parties and has developed the most comprehensive welfare state in North America In Contemporary Quebec leading scholars raise provocative questions about the ways in which Quebec has been transformed since the Second World War and offer competing interpretations of the reasons for the province's quiet and radical revolutions **Status Change of Languages** Ulrich Ammon, Marlis Hellinger, 2013-03-12 No detailed description available for Status Change of Languages *International Journal of the Sociology of Language*, 1994 *Can Threatened Languages*

be Saved? Joshua A. Fishman, 2001-01-01 Defenders of threatened languages all over the world from advocates of biodiversity to dedicated defenders of their own cultural authenticity are often humbled by the dimensity of the task that they are faced with when the weak and the few seek to find a safe harbour against the ravages of the strong and the many This book provides both practical case studies and theoretical directions from all five continents and advances thereby the collective pursuit of reversing language shift for the greater benefit of cultural democracy everywhere ***Reversing Language Shift*** Joshua A. Fishman, 1991-01-01 This book is about the theory and practice of assistance to speech communities whose native languages are threatened because their intergenerational continuity is proceeding negatively with fewer and fewer speakers or readers writers and even understanders every generation **Language Policy in Canada** Juan Cobarrubias, Jean-Denis Gendron, Richard Vigneault, 1985 The papers related to Canadian language policy at an international conference are presented **Language Policy in Canada Current Issues** Juan Cobarrubias Multiculturalism and Language Policy in Canada Jim Cummins Harold Troper Defining Language Policy in a Nationalistic Milieu and in a Complex Industrialized Region the Quebec Case Jean Denis Gendron The Impact of Minority on Language Policy and the Impact of Language Policy on Minority in Quebec Don Cartwright Facts and Fancies in Language Education of Ethnocultural Minorities Bruce Bain Language Education for Northern Canadian Native Students A Case Study of Fort Albany Ontario Kelleen Toohey and Multiculturalism as De acculturation Claudia Persi Haines Ian Pringle MSE **Constitutionalism, Citizenship, and Society in Canada** Alan Cairns, Cynthia Williams, 1985 ***Sociolinguistics***, 1983 **Canadian Review of Studies in Nationalism**, 1987 **A Selected Bibliography on the Sociology of Language with the Emphasis on Sources on Language Planning in Africa** August Dawid de Villiers Cluver, 1996 This work aims to provide the most comprehensive bibliography in the domain of Sociolinguistics and in the field of language planning The 640 page publication gives access to a large percentage of the published literature via a sophisticated thesaurus As the title indicates Africa and specifically southern Africa is covered in great detail Sources on the history and development of the languages of Namibia and Zimbabwe have been included Apart from sources on the languages of Africa the bibliography also offers a comprehensive overview on topics such as language conflict language decline language development and language rights as well as a section on translations and interpreting The categorisation of sources is intended to stimulate researchers and postgraduate students and this makes the bibliography an indispensable tool for librarians and senior academics **Ethnicity and Culture in Canada** John W. Berry, J. A. Laponce, 1994 Ethnicity write J W Berry and J A Laponce in their introduction to this volume is likely to be to the twenty first century what class was to the twentieth that is a major source of tension and political conflict However ethnicity is also increasingly likely to be a source of inspiration and diversification within society Because of the rapidly developing importance of ethnicity and culture in Canada the Social Sciences and Humanities Research Council and the Ministry of Multiculturalism and Citizenship undertook in 1991 a project to review research on the subject This volume in

nineteen chapters is the record of the findings. Papers cover such topics as demography, political philosophy, history, anthropology, sociology, media studies, literature, language, learning, education, and ethnic and multicultural attitudes. Looking back to the Commission on Bilingualism and Biculturalism mandated in 1963, the editors point out that the terminology has changed radically and that the evolution from biculturalism to multiculturalism has clarified not only the political agenda but the research agenda as well. An insistent theme recurs throughout this volume: multiculturalism is taken increasingly as being a characteristic of Canadian society as a whole rather than a concept focused exclusively on new Canadians. While the Canadian population has always been ethnically diverse, only recently has the diversity been systematically analysed. Ethnic and multicultural studies are remarkably well developed in Canada, the editors conclude. However, they point out one shortcoming more apparent in some fields than others: we often know quite well how the dominant group views a minority, but we often lack knowledge of the reverse attitudes and opinions. Berry and Lapointe recommend that we replace one-way mirrors with windows, preferably open windows.

Language, Communication, and Culture Stella Ting-Toomey, Felipe Korzenny, 1989-04. Published in cooperation with the Speech Communication Association, Division on International and Intercultural Communication. A diverse multicultural team of experts assembled for this compelling volume voices the importance of understanding language, communication, and culture. They discuss the critical role of language usage through communication to assert and negotiate different facets of identity and relate the different levels and functions of language usage to the collective life of a culture. Each author discusses the interlinkage between language and communication based on his or her points of research interest and orientation. Topics addressed include the importance of studying the relationships between language and society, the relationship between language and identities, personal identity, social role identity, and cultural/ethnolinguistic identity, and the multiple functions and meanings of language and communication in relationship to culture. Taken together, the three approaches in this volume reflect the current trends and directions of the multidisciplinary nature of studying language, communication, and culture. *Language, Communication, and Culture* reflects the current ideas and approaches of scholars working in the disciplines of psychology, linguistics, sociolinguistics, intergroup relations, and communication. It will appeal to scholars, researchers, and students who are intrigued and enticed by the fascinating multifaceted aspects of language. The book makes a unique contribution to the literature in that it includes a balance of theoretical discussion of issues such as language development, use, and function, as well as a variety of analytical approaches and intergroup data-based studies. *Language, Communication, and Culture* is a book which extends our knowledge about the structures, functions, and implications of language use across cultures. Ting-Toomey and Korzenny have provided a worthwhile sourcebook for those of us researching culture, and a particularly useful book for graduate-level or advanced undergraduate coursework in language and/or culture. *International Journal of Intercultural Relations*. This is an important volume and will prove invaluable to

gamers interested in the communication and the cultural aspects of simulation Simulation Gaming This collection is a well organized presentation of current research on the relationships among intercultural communication processes from differing perspectives The Modern Language Journal This book will interest academic specialists in language and communication and their graduate students Academic Library Book Review On the whole the papers are coherent and well integrated into the research literature Canadian Journal of Communication The contributors arguments are diverse but interlinked and provide a critical perspective on the theme of language and communication in cross cultural contexts Adds to several important studies about the language culture nexus and favors the current climate of cultural pluralism and multilingualism to promote liberal ethnic identity Journal of Cross Cultural Psychology *Special Language* Christer Laurén, Marianne Nordman, 1989 This book is an attempt to intensify the contacts between different research traditions within LSP research It represents the latest studies in the field of LSP research **Revue Canadienne Des Langues Vivantes**, 1985 *Handbook of Language and Social Psychology* Howard Giles, W. Peter Robinson, 1990-04-27 This important handbook with chapters written by leading experts in their fields is concerned with the integration of verbal and nonverbal features in communication Not just a collection of readings it examines how verbal and nonverbal systems in communication work Contributions combine solid reviews of the current research and findings as well as important theoretical and practical problems with suggestions for future directions of research in the study of language and its use *Varieties of Contemporary French* M.
