Conflict And Reconciliation Perspectives On Nicholas Of Cusa:

Conflict and Reconciliation Iñigo Kristien Marcel Bocken, 2004 This book offers historical philosophical and theological studies on the meaning of conflicts in life and thinking of Nicholas of Cusa 1401 1464 and deals with his attempts to develop a model for peace and tolerance **Reform, Representation and Theology in Nicholas of Cusa and His Age** H.

Lawrence Bond, Gerald Christianson, 2023-03-31 While most works on Nicholas of Cusa concentrate either on his early career as author of the monumental Catholic Concordance or on his later career as writer of remarkable philosophical theological works such as *On Learned Ignorance* and *The Vision of God* the essays included here attempt to address the whole Cusanus sharing common contexts issues and themes Following chapters on the legacy of conciliarism and ecumenicity the story begins with the Council of Basel for which Cusanus wrote *The Catholic Concordance* but from which he broke away raising issues of private conscience as well as the balance between papal authority and representative councils in the pursuit of reform The story then turns to the matrix between Constantinople and a new council in Ferrara when Cusanus received a ship board gift from the Father of Lights and began to write his great philosophical theological treatises When taken together the essays in this book not only form a cohesive whole they also enlighten aspects often left in the shade such as the enigmatic aspects of Cusanus participation in the council and his mystical theology that reveals a man of faith in search of certainty beyond the well trod paths of philosophical reflection **Nicholas of Cusa** Morimichi Watanabe, 2011 This work is a guide to the life thought and activities of Nicholas of Cusa 1401 1464 the great fifteenth century philosopher theologian jurist author of mystical and ecclesiastical treatises cardinal and reformer It is intended not only for advanced scholars but also for beginners and those simply curious about a man who has been called one of the greatest Germans of the fifteenth century and a medieval thinker for the modern age The book provides a series of essays on ideas persons and places a work developed over the course of nearly three decades **Conflict and Reconciliation** Iñigo Kristien Marcel Bocken, 2004

Mystical Theology and Platonism in the Time of Cusanus Jason Aleksander, Sean Hannan, Joshua Hollmann, Michael Moore, 2023-10-20 *Mystical Theology and Platonism in the Time of Cusanus* engages with the history of mystical theology and Neoplatonic philosophy through the lens of the 15th century philosopher and theologian Nicholas of Cusa The volume comprises nineteen essays that break down the barriers between medieval and Renaissance studies reinterpreting Cusanus place in the history of thought by exploring the archive that informed his thinking while also interrogating his works by exploring them from the standpoint of their later reception by modern philosophers and theologians The volume also offers tribute to the career of Donald F Duclow a leading scholar in the field of Cusanus studies in particular and of the history of mystical theology and Neoplatonic philosophy more generally Nicolaus Cusanus on Faith and the Intellect K. Meredith Ziebart, 2013-11-14 In *Nicolaus Cusanus on Faith and the Intellect* K M Ziebart argues convincingly that Cusanus epistemology was a direct response to late medieval debates over the relation between faith and reason one which sought to

resolve these debates by introducing a controversially strong integration of philosophy and theology By examining his works in the context of debates with his peers Ziebart shows how and why Cusanus came to articulate a theory of knowledge in which faith is posited as inherent to the very structure of mind as the *vis iudiciaria* or power of judgment This well grounded study sheds new light on the Cusan philosophy and expands our view of a crucial liminal period in European intellectual history

The Western Perception of Islam between the Middle Ages and the Renaissance Marica

Costigliolo,2017-10-27 In the Middle Ages as Christian sources on the Islamic world show Muslim culture was perceived as extremely threatening there were many defenses of Christianity like the treatise on the mistakes of the followers of Allah This book shows through an analysis of the works of Nicholas of Cusa and of other authors that in the course of time this textual attitude was modified as European authors aimed to point out the Christian truth in comparison with the falsity of Islamic theology in order to reinforce Christian identity through the presupposition of its own absolute truth The apologetic aim was gradually replaced by a systematic comparison based on partial translations of the Qur'an The comparison with the other was also the basis for reinforcing identity in order to demonstrate the truth and consequently the supremacy of one's own theoretical position

The Religious Concordance Joshua Hollmann,2017-05-01 In *The Religious Concordance* Nicholas

of Cusa and *Christian Muslim Dialogue* Joshua Hollmann examines Nicholas of Cusa's unique Christocentric approach to Islam While many late medieval Christians responded to the fall of Constantinople with polemic Nicholas of Cusa wrote a peaceful dialogue *De pace fidei* between Christians and Muslims as synthesis of religious concordance through the person and work of Jesus Christ Nicholas of Cusa's Christ centered dialogue with Muslims sheds further light on his broader Christ centered theology over his entire career as philosopher and theologian Drawing upon Nicholas of Cusa's philosophical foundations for religious dialogue and peace Joshua Hollmann convincingly proves that Cusa constructively understands religious diversity through the concordance of religion as centred in Christ

Art and Mysticism Louise Nelstrop,Helen Appleton,2018-06-12 From the visual and textual art of Anglo Saxon England onwards images held a surprising power in the Western Christian tradition Not only did these artistic representations provide images through which to find God they also held mystical potential and likewise mystical writing from the early medieval period onwards is also filled with images of God that likewise refracts and reflects His glory This collection of essays introduces the currents of thought and practice that underpin this artistic engagement with Western Christian mysticism and explores the continued link between art and theology The book features contributions from an international panel of leading academics and is divided into four sections The first section offers theoretical and philosophical considerations of mystical aesthetics and the interplay between mysticism and art The final three sections investigate this interplay between the arts and mysticism from three key vantage points The purpose of the volume is to explore this rarely considered yet crucial interface between art and mysticism It is therefore an important and illuminating collection of scholarship that will appeal to scholars of theology and Christian

mysticism as much as those who study literature the arts and art history **Bibliographisch repertorium van de wijsbegeerte** ,2004 **Interpretations of Renaissance Humanism** Angelo Mazzocco,2006 Authored by some of the most preeminent Renaissance scholars active today this volume s essays give fresh and illuminating analyses of important aspects of Renaissance humanism including its origin connection to the papal court and medieval traditions classical learning religious and literary dimensions and its dramatis personae *Descartes's Theory of Action* Anne Ashley Davenport,2006 This volume reexamines Descartes s Meditations to argue that his fundamental discovery is not the epistemological subject but rather the underlying free agent without whom no epistemological subject is possible Special attention is paid to the historical context of Descartes s theory of action **Humanism and Creativity in the Renaissance** Christopher S. Celenza,Kenneth Gouwens,2006 This collection of original essays gathered in honor of distinguished historian Ronald G Witt explores a range of issues of interest to scholars of Renaissance and Early Modern Europe Contributors include Robert Black Melissa Bullard Anthony D Elia Anthony Grafton Paul Grendler James Hankins John Headley John Monfasani and Louise Rice
