*Confrontation in Late Antiquity* Linda Jones Hall, 2003      **Public and Private in Ancient Mediterranean Law and Religion** Clifford Ando, Jörg Rüpke, 2015-03-10 The public private distinction is fundamental to modern theories of the family religion and religious freedom and state power yet it has had different salience and been understood differently from place to place and time to time The volume brings together essays from an international array of experts in law and religion in order to examine the public private distinction in comparative perspective The essays focus on the cultures and religions of the ancient Mediterranean in the formative periods of Greece and Rome and the religions of Judaism Christianity and Islam Particular attention is given to the private exercise of religion the relation between public norms and private life and the division between public and private space and the place of religion therein      *The Poems of Optatian* Linda Jones Hall, 2024-01-11 For the first time the poems and accompanying letters of Publilius Optatianus Porfyrius Optatian are published here with a translation and detailed commentary along with a full introduction to Optatian s work during this period Optatian was sent into exile by Constantine sometime after the Emperor s ascent to power in Rome in 312 AD Hoping to receive pardon Optatian sent a gift of probably twenty design poems to Constantine around the time of the ruler s twentieth anniversary 325 326 AD To enable the reader to experience the multiple messages of the poems the Latin text is presented near the English translation with any related design close by Some poems laid out on a grid of up to 35 letters across and down have an interwoven poem marking key letters in the primary poem thereby revealing a highlighted image Some designs include the Chi Rho or numerals created from V s and X s to mark imperial anniversaries Other previously unrecognised designs seem to represent senatorial imperial military or bureaucratic motifs or to derive from coin images Shape poems representing a water organ an altar and a panpipe reveal their relevance immediately The introduction and commentary elucidate literary allusions from over 100 authors lines from Vergil Ovid Lucan Silius Italicus Statius and lesser known writers abound and mythological references mostly to the Muses and Apollo Optatian s prestige as an official in both Greece and Rome is well attested these poems mark Optatian as a fascinating writer of his time holding onto the classical past while acknowledging Christian symbolism      *The Last of the Romans* Jeroen W. P. Wijnendaele, 2014-12-18 Despite his critical role in the western Roman Empire during the early fifth century AD Bonifatius remains a neglected figure in the history of the late Empire The Last of the Romans presents a new political and military biography of Bonifatius analysing his rise through the higher echelons of imperial power and examining themes such as the role of the buccellarii as contemporary semi private armies The volume offers a reassessment of the usurpation of Ioannes and Bonifatius indispensable role in the restoration of the Theodosian dynasty in the West The Vandal invasion of North Africa is re examined together with Bonifatius s putative role as the traitor who invited them in The relationship between Bonifatius and Augustine of Hippo is assessed bringing new light to the important yet largely unstudied influence of Christianity in Bonifatius s life A further

discussion revisits the rivalry between Boniface and Aetius Although Procopius termed Bonifatius and Aetius the last of the Romans this volume argues that they were the first of Rome's late imperial warlords The volume closes with a reconstruction of the Odyssey of Sebastian Bonifatius son in law

**Through the Eye of a Needle** Peter Brown, 2013-09-02 A sweeping intellectual history of the role of wealth in the church in the last days of the Roman Empire Jesus taught his followers that it is easier for a camel to go through the eye of a needle than for a rich man to enter heaven Yet by the fall of Rome the church was becoming rich beyond measure Through the Eye of a Needle is a sweeping intellectual and social history of the vexing problem of wealth in Christianity in the waning days of the Roman Empire written by the world's foremost scholar of late antiquity Peter Brown examines the rise of the church through the lens of money and the challenges it posed to an institution that espoused the virtue of poverty and called avarice the root of all evil Drawing on the writings of major Christian thinkers such as Augustine Ambrose and Jerome Brown examines the controversies and changing attitudes toward money caused by the influx of new wealth into church coffers and describes the spectacular acts of divestment by rich donors and their growing influence in an empire beset with crisis He shows how the use of wealth for the care of the poor competed with older forms of philanthropy deeply rooted in the Roman world and sheds light on the ordinary people who gave away their money in hopes of treasure in heaven Through the Eye of a Needle challenges the widely held notion that Christianity's growing wealth sapped Rome of its ability to resist the barbarian invasions and offers a fresh perspective on the social history of the church in late antiquity

**Kampf um Kirchen** Bernd Isele, 2010 Die beiden Städte Alexandria und Konstantinopel wurden im 4. Jh. n. Chr. wie viele andere Metropolen des Römischen Reiches von tiefgreifenden Unruhen erschüttert Rivalisierende christliche Gruppen stritten um das lokale Machtgefälle insbesondere um den Besitz der neu entstehenden christlichen Topographie Diese gewaltsamen Auseinandersetzungen etwa um die Apostelkirche die Hagia Eirene die Theonaskirche oder die Kirche im Kaisareion hatten Auswirkungen auf viele Bereiche des städtischen Lebens Denn die Gebetshäuser, die Konflikte und die Städte selbst begannen sich zu verändern wo immer Kampf und Kirche aufeinanderstießen Die vorliegende Studie widmet sich dem Kampf um Kirchen und seinen Folgen der zunehmenden Christianisierung der Städte, der Sakralisierung von Kirchengebäuden und einer neuen Form von religiöser Gewalt

**Late Antiquity in Contemporary Debate** Rita Lizzi Testa, 2017-03-07 Late Antiquity once known only as the period of protracted decline in the ancient world, the Late Roman Empire has now become a major research area. In recent years a wide-ranging historiographic debate on Late Antiquity has also begun. Replacing Gibbon's categories of decline and decadence with those of continuity and transformation has not only brought to the fore the concept of the Late Roman period but has made the alleged hiatus between the Roman, Byzantine and Mediaeval ages less important while also driving to the margins the

question of the end of the Roman Empire This has broadened the scope of research on Late Antiquity enormously and made the issue of periodization of crucial significance The resulting debate has escaped the confines of Europe and now embraces almost all historiographic cultures around the world This book sheds new light on this debate collecting papers given at the 22nd International Congress of Historical Sciences CISH ICHS in Jinan China They recall key moments of the discovery of the world of Late Antiquity and show how it is possible to reach a definition of an age analysing different sectors of history using disparate sources and with the guidance of very varied interpretative models

**The Dynamics of Rhetorical Performances in Late Antiquity** Alberto J. Quiroga Puertas, 2018-10-09 This book argues that narrations of rhetorical performances in late antique literature can be interpreted as a reflection of the ongoing debates of the time Competition among cultural elites strategies of self presentation and the making of religious orthodoxy often took the shape of narrations of rhetorical performances in which comments on the display of oratorical skills also incorporated moral and ethical judgments about the performer Using texts from late antique authors in particular Themistius Synesius of Cyrene and Libanius of Antioch this book proposes that this type of narrative should be understood as a valuable way to decipher the cultural and religious landscape of the fourth century AD The volume pays particular attention to narrations of deficient rhetorical deliveries arguing that the accounts of flaws and mistakes in oratorical displays and rhetorical performances reveal how late antique literature echoed the concerns of the time Criticisms of deficient deliveries in different speaking occasions declamations public speeches oratorical agones school exercises sermons were often disguised as accusations of practising magic heresy or cultural apostasy A close reading of the sources shows that these oratorical deficiencies hid struggles over religious cultural and political issues
