Confronting Powerless Christianity Evangelicals And The Missing Dimension:

Confronting Powerless Christianity Charles H. Kraft, 2002-10-01 The only kind of Christianity in the New Testament is Christianity with power If you are skeptical about yet intrigued by the issue of spiritual power for today Charles Kraft provides a biblical reasonable apologetic for a realm too often overlooked He describes his own paradigm shift concerning the power of Jesus to heal and free others and explains persuasively why every Christian should be confronted with this missing dimension Confronting Powerless Christianity will inspire a more robust faith that is powerful enough to heal to free people from emotional wounds and to bring about real life change Christianity and Suffering Rodney L. Reed, 2017-12-14 We often hear these days that the centre of Christianity is moving toward the Global South and Africa is a key player in that movement This makes the study of African Christianity and African realities important even more so when it is being done by Africans themselves in their own context The Africa Society of Evangelical Theology ASET was created to encourage research and sustained theological reflection on key issues facing Africa by and for African Christians and those working within African contexts The volumes in the ASET series constitute the best papers presented at the annual conferences of ASET and together they seek to fill this important gap in the literature of Christianity Africa is all too familiar with suffering Yet there is a dearth of sustained theological reflection on suffering by Africans or for Africans Christianity and Suffering African Perspectives addresses this need and is the fruit of the 5th Annual Conference of the Africa Society of Evangelical Theology The contributions address age old issues like why God does not prevent or relieve human suffering they wrestle with causes of suffering including witchcraft poverty curses and war and they also explore appropriate Christian responses to suffering all from within the African context The Africa Society of Evangelical Theology ASET is a professional society founded in 2009 for the purpose of fostering evangelical theological scholarship and to facilitate collegial relationships among scholars and practitioners of the Christian religion in Africa Its core values are 1 Faithfulness to the Bible 2 Professional ethics 3 Creative and critical thinking 4 Christ like humility 5 Community of scholars encouraging respecting and learning from one another and 6 Development and inspiration of young scholars To learn more about ASET please visit its Facebook page facebook com AfricaSocietyOfEvangelicalTheology **Spiritual Mapping in the United States and Argentina** René Holvast, 2009 Referring to U S Evangelicalism and Neo Pentecostalism this book presents a comprehensive historical description of the movement and concept of Spiritual Mapping with special attention to theological and anthropological concepts The result is a fascinating picture of modern Christian Americanism *The Evangelical's Guide to Spiritual Warfare* Charles H. Kraft, 2015-02-10 Are you aware of the spiritual battle being waged around you today The truth is that although spiritual warfare is a major theme in the Bible many of us gloss over it or ignore it completely But 80 percent of the synoptic gospels addresses the battle with evil spirits and Jesus and His disciples set a clear example for believers We cannot afford to practice a powerless Christianity in a fallen world In this essential accessible resource former evangelical seminary professor

Ice On Fire Scott Kelso, **Facing West** David R. Swartz, 2020 In 1974 nearly 3 000 evangelicals from 150 nations met at the Lausanne Congress on World Evangelization Amidst this cosmopolitan setting and in front of the most important white evangelical leaders of the United States members of the Latin American Theological Fraternity spoke out against the American Church Fiery speeches by Ecuadorian Ren Padilla and Peruvian Samuel Escobar revealed a global weariness with what they described as an American style of coldly efficient mission wedded to myopic right leaning politics Their bold

critiques electrified Christians from around the world The dramatic growth of Christianity around the world in the last century has shifted the balance of power within the faith away from the traditional strongholds of Europe and the United States to the Global South To be sure Western missionaries have carried religion abroad but the line of influence has often run the other way David R Swartz demonstrates that evangelicals in the Global South spoke frankly to American evangelicals on matters of race imperialism theology sexuality and social justice From the left they have pushed for racial egalitarianism ecumenism and more substantial development efforts From the right they have advocated for a conservative sexual ethic They forced American Christians to think more critically about their own assumptions The United States is just one node of a sprawling global network that includes Korea India Switzerland the Philippines Guatemala Uganda and Thailand Telling stories of the diverse array of evangelicals around the world Swartz shows that evangelical networks don't only extend outward but back home from the ends of the earth

Charisma and Christian Life ,2002 American Book Publishing Record ,2003 *Books in Print Supplement* ,2002 *Religion Index One* ,1980 Evangelicals Are Powerless John Hughes,2025-04-10 After 36 years of his Christian walk John felt disconnected from God and Jesus They seemed out of reach He began asking God to be more real to him God answered that prayer by showing him biblical truths that completely changed his faith and life In Evangelicals Are Powerless John reveals truths that empower Christians to live more confident genuine Spirit filled lives in Christ Few believers know or understand these truths including most pastors and Bible teachers today Learn what scripture actually says about salvation baptisms spiritual power and freedom in Christ and how simply understanding these truths will forever transform your faith and life Discover How to know for certain you are saved The shocking purpose of the Ten Commandments The truth about the Holy Spirit the book of Acts and Pentecost The mystery Jesus revealed to Paul that changed history The three baptisms of Jesus the disciples and believers today How to receive the power of the Holy Spirit promised to every believer You will see right from scripture the gospel truths that forever changed John's faith and life and the faith and life of so many others The Church the Devil Isn't Afraid Of Clement M. When Did We Start Forgetting God? Mark Galli,2020-04-07 The former editor in chief of the acclaimed magazine *Christianity Today* offers a compelling look at the state of evangelicalism and hope for the future In arguably one of the most divisive and polarizing eras evangelicals are faced with a profound crisis of confidence It is a crisis that has many dimensions political biblical and theological as well as a crisis of spiritual formation and discipleship What ultimately is at the root of this crisis Mark Galli encourages us to turn our attention away from the politics of the moment the social issues being discussed online and the debate du jour among Christians He asks us instead to take a long and hard look at what s missing in our spirituality In an incisive and thought provoking book Mark Galli helps us slow down and spend time reflecting on our ultimate priority A must read for anyone interested in contemplating the future of the church

Not Evangelical Enough! Iain Taylor,2003 Do we need to change or supplement the biblical gospel when the world around us makes the Evangelical cause appear powerless dry culturebound and irrelevant What passes for Evangelical Christianity may be guilty as charged but not so with the gospel What is culture bound and irrelevant is not the gospel itself but only reduced and distorted versions that are unworthy of the name The book is both a plea for a Christianity that is radically committed to the full scope of the gospel and an outline of what this might mean for the issues that face Christians at the beginning of a new century Visionary putting the gospel back at the center of evangelicalism Embraces a wide range of authors and viewpoints academic and pastoral clerical and lay charismatic and conservative around an agreed gospel basis Puts great stress on the breadth of the gospel against forces that distort or reduce the gospel An excellent resource and framework for Christian leaders to use in their churches Various essays explore how a proper evangelical outlook can shed new light on traditional commonplaces such as evangelism preaching and the Bible The book also tackles less usual territory in the light of the gospel dealing with such topics as social justice gender contemporary culture work and the human person

Christless Christianity Michael Horton,2008-11-01 Is it possible that we have left Christ out of Christianity Is the faith and practice of American Christians today more American than Christian These are the provocative questions Michael Horton addresses in this thoughtful insightful book He argues that while we invoke the name of Christ too often Christ and the Christ centered gospel are pushed aside The result is a message and a faith that are in Horton s words trivial sentimental affirming and irrelevant This alternative gospel is a

message of moralism personal comfort self help self improvement and individualistic religion It trivializes God making him a means to our selfish ends Horton skillfully diagnoses the problem and points to the solution a return to the unadulterated gospel of salvation

Life in the Negative World Aaron M. Renn, 2024-01-30 Learning how to live in today's new social and cultural environment will require examination trial and error and adaptation over time But there are ways to live with integrity and follow Christ today even in a negative world From a peak in church attendance in the mid 20th century Christianity has been on a trajectory of decline in the United States Once positive toward Christianity and Christian moral teachings cultural shifts toward the mid 90s led many to adopt a more neutral tone toward the Christian faith seeing it as one option among many in a pluralistic public square Today however Christianity is viewed negatively and being known as a Christian often means a lower social status in elite society Christian morality is openly repudiated and viewed as a threat to the new moral order In *Life in the Negative World* author Aaron M Renn looks at the lessons from Christian cultural engagement over the past 70 years and suggests specific strategies for churches institutions and individuals to live faithfully in the negative world a culture opposed to Christian values and teachings And since there is no one size fits all solution living as a follower of Christ in the new negative world and being missionally engaged will require a diversity of strategies

Distortion Chelsen Vicari, 2014-09-02 Can the evangelical church be saved Peek behind the curtain of some hip or progressive evangelical churches past the savvy trends and contemporary music and what you find may surprise you Liberal evangelicals despite how apolitical they claim to be are gaining ground promoting a repackaged version of Christianity that distorts the authority of Scripture and is causing a mass exodus of young people from the teachings of Jesus Christ In *Distortion* Chelsen Vicari confronts this move away from authentic Christianity and the principles that have made America great Arming you with Scripture historic Christian teaching and social science that specifically addresses the challenges confronting our country she covers topics such as Understanding the link between faith and policy Unmasking the social justice disguise Confronting the truth about homosexuality Unveiling the Jesus feminists Living out the truth with boldness and grace It is time to take a stand once again in the culture wars this time for the sake of our youth and our future To keep praying keep acting keep discerning truth keep upholding Scripture as authority and keep fighting on the battleground where Christianity and public policy collide This is a great challenge But it is one that every generation of evangelicals must be willing to take on for Jesus Christ It is worth the battle America needs us The church needs you

No Place for Truth David F. Wells, 1994-12-20 Has something indeed happened to evangelical theology and to evangelical churches According to David Wells the evidence indicates that evangelical pastors have abandoned their traditional role as ministers of the Word to become therapists and managers of the small enterprises we call churches Along with their parishioners they have abandoned genuine Christianity and biblical truth in favor of the sort of inner directed experiential religion that now pervades Western society Specifically Wells explores the wholesale disappearance of theology in the church the academy and

modern culture Western culture as a whole argues Wells has been transformed by modernity and the church has simply gone with the flow The new environment in which we live with its huge cities triumphant capitalism invasive technology and pervasive amusements has vanquished and homogenized the entire world While the modern world has produced astonishing abundance it has also taken a toll on the human spirit emptying it of enduring meaning and morality Seeking respite from the acids of modernity people today have increasingly turned to religions and therapies centered on the self And whether consciously or not evangelicals have taken the same path refashioning their faith into a religion of the self They have been coopted by modernity have sold their soul for a mess of pottage According to Wells they have lost the truth that God stands outside all human experience that he still summons sinners to repentance and belief regardless of their self image and that he calls his church to stand fast in his truth against the blandishments of a godless world The first of three volumes meant to encourage renewal in evangelical theology the other two to be written by Cornelius Plantinga Jr and Mark Noll No Place for Truth is a contemporary jeremiad a clarion call to all evangelicals to note well what a pass they have come to in capitulating to modernity what a risk they are running by abandoning historic orthodoxy It is provocative reading for scholars ministers seminary students and all theologically concerned individuals

Christians Against Christianity Obery M. Hendricks, Jr., 2021-07-06 This galvanizing work examines how right wing evangelical Christianity has become a destructive ideology rooted in white supremacy and conservative Christian politics A Bible study companion How Christians can return their faith to the life affirming message Jesus proclaimed and died for Today s right wing Evangelical Christianity stands as the very antithesis of the message of Jesus Christ In his new book Christians Against Christianity best selling author and religious scholar Obery M Hendricks Jr challenges right wing evangelicals on the terrain of their own religious claims exposing the falsehoods contradictions and misuses of the Bible that are embedded in their rabid homophobia their poorly veiled racism and demonizing of immigrants and Muslims and their ungodly alliance with big business against the interests of American workers He scathingly indicts the religious leaders who helped facilitate the rise of the notoriously unchristian Donald Trump likening them to the court jesters and hypocritical priestly sycophants of bygone eras who unquestioningly supported their sovereigns every act no matter how hateful or destructive to those they were supposed to serve In the wake of the deadly insurrectionist attack on the US Capitol Christians Against Christianity is a clarion call to stand up to the hypocrisy of the evangelical Right as well as a guide for Christians to return their faith to the life affirming message that Jesus brought and died for What Hendricks offers is a provocative diagnosis an urgent warning that right wing evangelicals aspirations for Christian nationalist supremacy are a looming threat not only to Christian decency but to democracy itself What they offer to America is anything but good news

The Crisis of Evangelical Christianity Keith C. Sewell, 2016-04-26 In the broad context of Christianity as it developed over two millennia and with special reference to the last three centuries this discussion finds that Evangelicalism has repeatedly offered a reduced and distorted understanding of the faith The evangelical outlook is

much less scriptural than evangelicals generally assume When it comes to appreciating the order of creation our calling to develop integral Christian thinking and living the religious significance of culture and the coming of the kingdom reductionist Evangelicalism struggles with its only rarely acknowledged deficiencies As a result we have all too often ended up with a Christianity shorn of its cosmic scope and wide cultural implications and restricted to institutional church life and the cultivation of private spiritual experience The consequences are frequently enervating and corrosive Without disregarding what is important in the past evangelicals are here challenged to take the Bible much more seriously and thereby transcend the limitations of their habitual reductionism Evangelicals are encouraged to embrace an integral and full orbbed understanding of Christian discipleship that will equip the faithful to address the deep and complex challenges of the twenty first century
