The Special Prosecutor in American Politics Katy Jean Harriger, 2000 The federal special prosecutor unprincipled abuser of power or staunch defender of the law As Katy Harriger shows the special prosecutor was a hotly debated and controversial subject throughout much of its existence This was especially true she argues during the lengthy expensive and highly politicized investigations of Lawrence Walsh and Kenneth Starr into allegations concerning Presidents Ronald Reagan and Bill Clinton Harriger offers the most complete assessment available of the use of special prosecutors in the post Watergate era She analyzes the independent counsel s role within the framework of the separation of powers explaining how each has interacted with other key players in the political and legal system and showing how those relationships have affected the prosecutor s ability to conduct investigations Harriger s previous edition focused on the legacy of Watergate but was published before Walsh s Iran Contra investigations were concluded Her new study adds substantially more information on Iran Contra provides a clearheaded appraisal of Starr s sensationalized Whitewater Lewinsky investigations examines a number of senior level cabinet probes and critiques and clarifies the role of Attorney General Janet Reno in these latter matters A completely new chapter compares Iran Contra and Whitewater Lewinsky to explore the limits of the law in the special prosecutor s efforts In this new edition Harriger includes 20 new interviews with Washington insiders including one with Kenneth Starr and covers the debates that led to both the reauthorization of the

independent counsel statute in 1994 and its demise in 1999. She then examines the pros and cons of the office and offers constructive suggestions for improvement should it be revived. For students, scholars, and concerned citizens, her book takes us well beyond frenzied media hype and partisan politics to provide a timely reminder about the crucial role of separation of powers in our system of governance.
