The Publishers Weekly, 2003 *Mexico, from Mestizo to Multicultural* Carrie C. Chorba, 2007 In Mexico the confluence of the 1992 Quincentennial commemoration of Columbus s voyages and the neo liberal sexenio or presidency of Carlos Salinas de Gortari spurred artistic creations that capture the decade like no other source does In the 1990s Mexican artists produced an inordinate number of works that revise and rewrite the events of the sixteenth century conquest and colonization These works and their relationship to indeed their mirroring of the intellectual and cultural atmosphere in Mexico during the Salinas presidency are of paramount importance if we are to understand the subtle but deep shifts within Mexico s national identity that took place at the end of the last century Throughout the twentieth century the post revolutionary Mexican State had used mestizaje as a symbol of national unity and social integration By the end of the millennium however Mexico had gone from a PRI dominated economically protectionist nation to a more democratic economically globalizing one More importantly the homogenizing mestizophile national identity that pervaded Mexico throughout the past century had given way to official admission of Mexico s ethnic and linguistic diversity or pluriculture according to President Salinas s 1992 constitutional revision This book is the first interdisciplinary study of literary cinematic and graphic images of Mexican national identity in the 1980s and 90s Discussing in depth writings films and cartoons from a vast array of contemporary sources Carrie C Chorba creates a social history of this important shift
