Levering,2021-10-28 How important is conscience for the Christian moral life In this book Matthew Levering surveys twentieth century Catholic moral theology to construct an argument against centering ethics on conscience He instead argues that conscience must be formed by the revealed truths of Scripture as interpreted and applied in the church Levering shows how conscience centered ethics came to be both prior to and following the Second Vatican Council and how important voices from both the Catholic and Protestant communities criticized the primacy of conscience in favor of an approach that considers conscience within the broader framework of the Christian moral organism Rather than engaging with current hot button issues Levering presents and deconstructs the work of twenty six noteworthy theologians from the recent past in order to work through core matters He begins by examining the place of conscience in Scripture and in the Catholic moral manuals of the twentieth century He then explores the rebuttals to conscience centered ethics offered by pre and post conciliar Thomists and the emergence of a new even more problematic conscience centered ethics in German thought Amid

this wide ranging introduction to various strands of Catholic moral theology Levering crafts an incisive intervention of his own against the abuse of conscience that besets the church today as it did in the last century     *Subject Index of the Modern Works Added to the Library of the British Museum in the Years ...* British Museum,1922     **Current literature of the month** ,1924     **Conscience & Christ** Rashdall Hastings 1858-1924,2013-01-28 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy     *Educational Times* ,1916
