Consecrated Venom The Serpent And The Tree Of Knowledge:

Consecrated Venom Caryl Johnston, 2000 Explores the nature of human awareness as represented in the Garden of Eden Cain and Abel Abraham and the sacrifice of Isaac and humanity's covenant with God *The Woman and the Dragon in Premodern Art* Sharon Khalifa-Gueta, 2025-10-01 The motif of the woman and the dragon has been prevalent in Western art since antiquity yet has hitherto remained understudied and artworks featuring this motif in Western Mediterranean cultures have been examined primarily in relation to the topos of the male dragon slayer This book analyzes artistic images of women and dragons over an extensive period from Classical Greece and Rome with forays to Egypt and Mesopotamia to the early modern period in Western Europe The unique methodology employed in the study of this motif reveals its sacred core as well as its relationship to rituals of fertility and oracular knowledge to the liminal realm between life and death and to the symbolism of Great Mother goddesses At the same time the images explored throughout expose stereotypes and biases against women in unusual positions of power which were embedded in the motif and persisted in Western European art

Water Beings Veronica Strang, 2023-04-19 Looking to the vast human history of water worship a crucial study of our broken relationship with all things aquatic and how we might mend it Early human relationships with water were expressed through beliefs in serpentine aquatic deities rainbow colored feathered or horned serpents giant anacondas and dragons Representing the powers of water these beings were bringers of life and sustenance world creators ancestors guardian spirits and lawmakers Worshipped and appeased they embodied people's respect for water and its vital role in sustaining all living things Yet today though we still recognize that water is life fresh and saltwater ecosystems have been critically compromised by human activities This major study of water beings and what has happened to them in different cultural and historical contexts demonstrates how and why some but not all societies have moved from worshipping water to wreaking havoc upon it and asks what we can do to turn the tide *Stewards of History: A Study of the Nature of a Moral Deed* ,

Storyteller in Times Square Caryl Johnston, 2023-06-23 Storyteller in Times Square opens with a visit to New York and the ruins of the World Trade Center Thus begins a poetry collection that reflects in subtle and surprising ways the post World War II history of the United States Without being either political or ideological the poet employs concise and often disciplined forms of language to touch upon deeper matters of destiny and feeling Our lives our deeds our ideas all of these have consequences for how we treat our land and each other The moments of lyricism and humor help us to keep our balance And the perspective is important for these poems are about paying attention to reality Can we pay attention to the voices of history submerged in our wake swirling behind us Perhaps that question in essence is what these poems ask of us *The Handbook of Sustainability Literacy* Arran Stibbe, 2009-09-01 A vital resource for sustainability educators learners and decision makers on how we can build a more sustainable future In this ground breaking book leading sustainability educators are joined by permaculturists literary critics ecologists artists journalists engineers mathematicians and philosophers in a

the Serpent: The Philosophy of the Snake and Attaining Transcendent Knowledge David Sinclair,2022-01-29
 Welcome to the Church of the Serpent The universe is the Tree of Knowledge At the top of the tree is the Golden Bough with
 which we attain Golden Knowledge the Apex Knowledge of the cosmos So we must climb All the way to the highest
 consciousness The Church of the Serpent is devoted to knowledge ultimate knowledge the knowledge of existence itself We
 must have Absolute Knowledge Nothing else will suffice Completion or nothing From the top of the Tree of Knowledge we
 command all knowledge Are you one of the Serpents of wisdom Are you one of the protectors of the Tree of Knowledge
 Everyone is faced with the same test to embrace knowledge or reject it The Bible as well as love and light mysticism and

sensory science all say that you should fear and reject knowledge in itself Adam and Eve did the right thing They ate the fruit of the Tree of Knowledge They were condemned and punished for that and knowledge has been deemed forbidden dangerous and unwelcome ever since Not in the Church of the Serpent The altar of the Church of the Serpent bears the Tree of Knowledge itself Everyone must eat the apples of knowledge Drink the serpent elixir Come to the Church of the Serpent Learn the philosophy of the snake and access the highest transcendent knowledge Who is the real God in the Garden of Eden Is it the ignorant God who tries to keep humanity away from knowledge who forbids Adam and Eve from accessing knowledge or is it the Serpent who leads Adam and Eve to the highest knowledge and transforms them through the gift of consciousness and finally super consciousness The False God is always an enemy of knowledge and the True God always a promoter of knowledge Yet to the idiot masses it s knowledge itself that s evil For them knowledge is the Original Sin The Serpent spoke with words of fire and none who heard them failed to tremble The words were lit by lightning Come and join the Church of the Serpent Learn the philosophy of the snake and slough off the old failed skin of humanity Don t you want to be one of the Prometheans the HyperHumans the Faustians Don t you want to complete the journey from Cimmeria Alpha to Hyperborea Omega Only the Serpent Humans can bring all of humanity to the most precious fruit of the Tree of Knowledge and confer Absolute Knowledge on everyone Only through the Serpents will you achieve gnosis The Two Trees and the Serpent Prof.M.M. Ninan,2018-09-11 In this book we are dealing essentially with the presence of the serpent in the Garden of Eden which God made on the earth and placed the newly created Adam and Eve with two strange trees with just one command to the new born babes not to eat from one of these trees For some strange reason the serpent who was one of the residents got involved and starts of the process of the freedom of choice for the kids in their process of individuation and finding themselves The children of God grew up under discipline to become part of God in all His creative activities

mankind and the unraveling of manipulative propaganda he has come up against many obstacles and yet in his book *The Serpent Grail* he reveals a truth about the Holy Grail that gained the backing of academia and scholars The truth shall be found in the Secrets of the Serpent **The Mystery of the Serpent. The Wisdom of the Serpent Joseph Lewis Henderson,Maud Oakes,2020-07-21 The tribal initiation of the shaman the archetype of the serpent exemplifies the death of the self and a rebirth into transcendent life This book traces the images of spiritual initiation in religious rituals and myths of resurrection poems and epics cycles of nature and art and dreaming It dramatizes the metamorphosis from a common experience of death s inevitability into a transcendent freedom beyond individual limitations This is a classic work in analytical psychology that offers crucial insights on the meaning of death symbolism and its inevitably accompanying rebirth and resurrection symbolism as part of the great theme of initiation of which Henderson is the world s foremost psychological interpreter This material is really the next step after the hero myth that Joseph Campbell has made so popular and provides an understanding of how not to use the hero myth in an inflated way as a psychology of mastery but as an attainment progressively to be died beyond Henderson is helped by the presence of Maud Oakes who is a trained anthropologist with exquisite taste in her choice of mythic materials and respect for their original contexts John Beebe
