## **Contemporary Topics In Immunobiology Immune Complexes And Human Cancer:**

**Contemporary Topics in Immunobiology** Fernando Salinas,1985-07-01 *Immune Complexes and Human Cancer*  
Fernando Salinas,2012-12-06 Immune Complexes and Human Cancer the fifteenth volume of Contemporary Topics in Immunobiology is a compilation of information derived from recent studies on the role of circulating immune complexes CIC in the pathogenic manifestations of a variety of human cancers Technical improvements in the detection of CIC in body fluids have resulted in data that indicate that CIC do occur in different types of cancer In addition tumor associated antigens and antibodies have been detected in immune complexes of cancer patients sera Until recently the exact role and clinical relevance of immune complexes have been the subject of debate partially because of the problems encountered in measuring immune complexes But these problems are being confronted as more accurate measurement protocols are developed Technical refinements along with strict protocols have provided evidence of heterogeneity in CIC a factor that makes accurate detection of immune complexes in cancer patients difficult Recent insights indicate that the measurement of immune complexes in cancer patients may be clinically useful not only as a tumor marker but also in regard to the deranged immune response of tumor bearing hosts and other disorders such as nephrotic syndrome immune anemias and clotting dysfunction

**Current Catalog** National Library of Medicine (U.S.),1985 First multi year cumulation covers six years 1965-70 *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1985 *Mechanisms of Immune Regulation* Richard D. Granstein,1994 Among the topics reviewed are T and B cell tolerance clonal deletion suppressor cells mechanisms of immune privileged sites and experimental models of tumor immunity Oral tolerance ultraviolet radiation and photosensitized effects on immunity allograft management T cell vaccination and regulation of immunity with T cell epitopes are discussed from the point of view of possible therapeutic application *Contemporary Topics in Immunobiology* Michael G.
