Continuing Presences Virginia Woolfs Use Of Literary Allusion:

Continuing Presences Beverly Ann Schlack,1979 *Virginia Woolf's Common Reader* Katerina Koutsantoni,2016-02-11

In the first comprehensive study of Virginia Woolf's *Common Reader* Katerina Koutsantoni draws on theorists from the fields of sociology sociolinguistics philosophy and literary criticism to investigate the thematic pattern underpinning these books with respect to the persona of the common reader Though these two volumes are the only ones that Woolf compiled herself they have seldom been considered as a whole As a result what they reveal about Woolf's position with regard to the processes of writing reading and critical analysis has not been fully examined Koutsantoni challenges the critical commonplace that equates Woolf's strategy of self effacement and personal removal from her works as a necessary compromise that allowed her to achieve authorial recognition in a male dominated context Rather Koutsantoni argues that an investigation of impersonality in Woolf's essays reveals the potential of the genre to function both as a vehicle for the subjective and dialogic expression of the author and reader and as a venue for exploring topics with which the ordinary reader can relate As she explores and challenges the meaning of impersonality in Woolf's *Common Reader* Koutsantoni shows how the related issues of subjectivity authority reader response intersubjectivity and dialogism offer useful perspectives from which to examine Woolf's work *The Cambridge Companion to To The Lighthouse* Allison Pease,2015

Written by leading international scholars of Woolf and modernism *The Cambridge Companion to To The Lighthouse* will be of interest to students and scholars alike **Virginia Woolf, New Critical Essays** Patricia Clements,Isobel Grundy,1983

The Experimental Self Judy Little,1996 Drawing on Bakhtin Derrida Foucault Lyotard and other modern thinkers Little English Southern Illinois U challenges the notion that Western individuality is oppressive and destructive and examines the political complexity of the self in the novels of 20th century women Annotation copyright by Book News Inc Portland OR

Passage through Hell David L. Pike,2018-09-05 Taking the culturally resonant motif of the descent to the underworld as his guiding thread David L Pike traces the interplay between myth and history in medieval and modernist literature *Passage through Hell* suggests new approaches to the practice of comparative literature and a possible escape from the current morass of competing critical schools and ideologies Pike's readings of Louis Ferdinand Celine and Walter Benjamin reveal the tensions at work in the modern appropriation of structures derived from ancient and medieval descents His book shows how these structures were redefined in modernism and persist in contemporary critical practice In order to recover the historical corpus of modernism he asserts it is necessary to acknowledge the attraction that medieval forms and motifs held for modernist literature and theory By pairing the writings of the postwar German dramatist and novelist Peter Weiss with Dante's *Commedia* and Christine de Pizan with Virginia Woolf Pike argues for a new level of complexity in the relation between medieval and modern poetics Pike's supple and persuasive reading of the *Commedia* resituates that text within the contradictions of medieval tradition He contends that the Dantean allegory of conversion altered to suit the exigencies of

modernism maintains its hold over current literature and theory The postwar writers Pike treats Weiss Seamus Heaney and Derek Walcott exemplify alternate strategies for negotiating the legacy of modernism The passage through hell emerges as a way of disentangling images of the past from their interpretation in the present Virginia Woolf and the Literature of the English Renaissance Alice Fox,1990 A study of the influence of sixteenth and seventeenth century literature on Virginia Woolf s novels and criticism which offers new interpretations and enriches our understanding of Woolf s creative process

The Search for Quotation Richard L. Schultz,1999-01-01 A thorough study of quotation within ancient and modern literatures is the background for this new approach to alleged quotations within the prophetic writings The common claim that specific verbal parallels result from the conscious repetition of the words of a predecessor is beset by difficulties After examining quotation in non prophetic ancient Near Eastern early Jewish Old Testament wisdom and narrative and modern Western literatures Schultz proposes a new model for interpreting verbal parallels that utilizes several criteria for identifying quotation and combines diachronic with synchronic analysis He then applies this model to five representative verbal parallels involving the book of Isaiah This book illustrates how an awareness of the versatility of quotation facilitates a more accurate interpretation of verbal parallels and at the same time calls for greater caution in employing them in support of various theories Virginia Woolf Louise A. DeSalvo,1990 In this amazing odyssey of two black women from the 1930s to the present all the storytelling gifts of a brilliant Pulitzer Prize winning writer are abundantly displayed When we first meet Baby she s one of six black children abandoned by their parents during the Depression They are roadwalkers homeless wanderers across the rural South leading a dangerous almost enchanted life One by one they are saved lost or simply disappear until only Baby and a brother are left living off the land a primitive gypsy existence hauntingly described Finally Baby is captured almost like a wild animal by the white farm manager of an old plantation where the children have been hiding He sends her to an orphanage in New Orleans where she guards the rich mythic content of her wandering against the invasive kindness of the nuns by covering the walls with strange brilliant drawings of flowers and animals We next see Baby decades later through the eyes of her daughter Nanda who at thirty six looks back at her own childhood Baby and Nanda move into the middle class through Baby s eccentrically successful career first as a seamstress then as a designer of dresses for rich white women Raised a princess in the protective circle of Baby s magic Nanda in her teens is suddenly catapulted into the white world when she is sent off to integrate a white Catholic girls school in the East Seeing herself as her mother saw herself alone in an alien place Nanda finds an entirely different means of survival A rich and wonderfully fresh often astonishing evocation of the black experience in the South seen through the lives of two fascinating women *Virginia Woolf* Edward Bishop,1991 Virginia Woolf occupies a central place in twentieth century literature Her works define the progress of fiction from Edwardian novel to post Modernist text and in the decade between 1922 and 1931 with Jacob s Room Mrs Dalloway To the Lighthouse and The Waves she was in the forefront of modernist writing She was also a prolific journalist and active

publisher In this study Edward Bishop provides an overview of Woolf's life as a writer explores the connections between her fiction and her criticism and analyses her major novels tracing the development of her experimental techniques and her evolving sense of language *Subject Catalog* Library of Congress,1979 *Philological Papers* ,2006 *Review* ,1981

Elegiac Fictions Edward Engelberg,1989 In dealing with the motif of the un-lived life Edward Engelberg explores an important and hitherto neglected chapter in the history of modern thought He analyzes literary works chiefly from the nineteenth and early twentieth centuries novels short stories and some plays within the context of a number of psychological and philosophical concepts to sustain his argument Engelberg's premise is that in this period we begin to see what he calls the elegizing of the self that is mourning over one's shortcomings failures disappointments in short the un-lived life the perception that the hero or heroine has missed the opportunities of living that it is now too late to achieve what has become known today as self actualization Engelberg also analyzes how the motif was acted out and what symptoms accompanied its expression To this end he makes use of Freud's essays Mourning and Melancholia and On Narcissism as well as the idea of narcissistic rage advanced by Heinz Kohut In addition he draws upon Schopenhauer's pessimism Nietzsche's conception of history and Max Scheler's theory of resentment This study then identifies a special state of mind the elegiac cries of despair that emanate from a wide variety of fictional personae There are no simple answers as to why these feelings were expressed so frequently and passionately from the Romantics onward but one cause is surely the double edged effect of the emergence of the autonomous self With autonomy came anxiety fear and a feeling of impotence And these states in turn generated a variety of reactions self images of superfluosity expressions of narcissistic rage and states of mourning and melancholia The book will interest a variety of constituencies beyond the literary establishment psychologists intellectual historians philosophers in short all who are interested in cultural phenomena and their literary expression *The Reader's Adviser* ,1986 *South Atlantic Review* ,1984 *Subject Catalog* ,1979 Library of Congress,1979 *Essays and Studies* ,1950

Virginia Woolf Beth Rigel Daugherty,Eileen Barrett,1996 In the tradition of previous volumes Virginia Woolf Texts and Contexts captures the multiple voices and critical perspectives that animate and invigorate Woolf scholarship Virginia Woolf Texts and Contexts includes new interpretations of Jacob's Room by Christine Froula and Madeline Moore a look at the promotion and publishing of Woolf's work in her lifetime by Edward Bishop and a look at reading Woolf as a man by Mark Hussey Contributors analyze Woolf alongside the comic work of Ring Lardner and Lily Tomlin pair her with Joseph Conrad and Edith Wharton and place her with Walt Whitman Jeanette Winterson and others who describe same sex love Other contributors shed light on Woolf through comparing her work to that produced by writers in Heian Japan and during the Spanish Civil War The volume contains innovative work by Jane Lilienfeld Melba Cuddy Keane Diane Gillespie and Thomas Caramagno It includes talks on memoirs by Mary Beth Pringle Alicia Ostriker and Toni McNaron *Library of Congress Catalogs* Library of Congress,1980
