Military Compensation in the Age of Two-income Households Casey Wardynski,2000 When Regular Military Compensation was developed in the early 1960s military household income was synonymous with military pay Today a majority of soldiers spouses are in the labor force Due to the vagaries of military assignment and stationing practices these spouses incur a substantial employment and earnings penalty Heretofore this penalty was attributed to the relatively high rates of migration exhibited by military households Analysis of Current Population Survey data and the 1992 DoD Survey of Officers Enlisted Personnel and their Spouses demonstrate that the spouses of soldiers and airmen incur the heaviest burden of this earnings penalty due to service specific factors These findings have important implications for stationing practices civil service employment policies and military compensation policy Specifically these findings indicate that civilian spouse earnings can serve as a potential channel through which policy can act to enhance military household earnings by improving

the employment and wage prospects of soldiers spouses without adverse budgetary consequences In this way military compensation policy can reflect labor market conditions that are likely to prevail into the new millennium rather than those extant at the midpoint of the last century Rand abstracts **CA Magazine** ,2008 **Education 05/06** Fred Schultz,2004-07 This thirty second edition is a compilation of interesting articles selected from the best of the public press including magazines newspapers and journals that deal with educational issues The readings in this book explore the social and academic goals of education the current conditions of the nation s educational systems the teaching profession and the future of American education In addition theses selections address the issues of change and the moral and ethical foundations of schooling Speak, Memorably Bill McGowan,Juliana Silva,2025-06-10 The media guru and bestselling author of Pitch Perfect helps professionals break away from canned communications and find their true and most effective voice no matter the workplace The business world has adopted the wrong definition of successful communication For many years being on message was considered the prime directive The overwhelming majority of professionals today exist in a rigidly narrow range of bland rhetoric throwing around industry buzzwords and empty jargon to create the impression of business savvy But when everyone sounds messaged and the same no one stands out And now with more ways than ever to get your message across it s never been harder to communicate clearly and have your message stick Bill McGowan has devoted more than twenty years to helping people find their distinctive voice From CEOs to White House staffers to television personalities he has coached thousands of speakers to make their narrative more memorable and distinctive by breaking free from the challenges preventing them from selling their ideas with conviction motivating their teams during challenging times or clearly articulating a company s mission Speak Memorably offers concrete strategies and tools to help anyone in any stage of their career cut through the numbing sameness of cliches and boring business rhetoric and find their authentic voice Inspiring and entertaining it is a masterclass in interpersonal communication and an inspiring call to action for professionals to break free from forgettable brand speak and instead craft thoughtful and memorable messages **The Rough Guide to Florida** Mark Ellwood,Laura Siciliano-Rosen,Rebecca Strauss,Rough Guides (Firm),Ross Velton,2006 The Rough Guide to Floridais the essential handbook to the Sunshine State with full coverage of the best beaches theme parks cultural attractions state parks and outdoor activities There are detailed reviews of all the top hotels and restaurants to suit every budget plus a new Authors Picks feature to highlight the very best options The guide includes descriptions of Walt Disney World and the other Orlando theme parks complete with insider tips for making the most of your holiday Whether it s hiking the Apalachicola Trail or snorkeling around the Florida Reef there is a full range of practical information for exploring outdoor Florida plus detailed information on the state s history flora and fauna In this edition there are two brand new colour sections highlighting the attractions along Florida s coastline and the more offbeat aspects of a Florida vacation
