Detailed Work From Home Jobs Tips For Dads:

Where'S Dad? I Thought We Were Supposed to Talk! Pat Combs,2016-10-27 In this fast moving modern world an overwhelming number of fathers are missing from their families Many of those who remain either do not understand their responsibilities or they simply ignore them This is no small matter Sons and daughters rely on dads to be the character builders of the familythe ones who anchor the family and teach how to be individuals of integrity Geared for youth young adults and parents this guidebook provides practical knowledge that will help the reader confront the challenges of relationships and work while remaining devoted to Biblical principles This guidebook helps young men and women discover family values It also helps parents who want to share these values with their children God gave mothers inherent abilities to nurture their babies These abilities combined with their wonderful gift of life create mother and child relationships that exceed normal understanding Girls you have this very special gift learn how to protect it and not abuse or diminish it Worthy insights deliver valuable lessons about life work and faith You will gain a positive perspective on how to confront important issues such as developing a character for success understanding Biblical principles re establishing moral values building family and other important relationships preparing for and landing a good job establishing a career starting a business understanding the free enterprise system and securing financial freedom

Motherless Families Victor George,Profesor Paul Wilding,2023-02-03 First published in 1972 Motherless Families shows how with the slow disappearance of the extended family and the support that it could offer in such situations society has found itself responsible for lone parent families The authors cover the situation of about six hundred families in the East Midlands where the father was caring for his children on his own They examine the father s feelings about his new circumstances the problems he faces and how he copes with them They look at the ways in which the social services the modified extended family and the immediate community react to the father s position They also consider the children s adaptation to the motherless situation and their new relationships with the father or a mother substitute In the final chapter the authors examine the ways in which social class and social values affect the definitions of social problems and the formulation of social policy Both administrators and practitioners in the social services as well as students of related subjects will welcome the research contained in this book and will find the authors conclusions of particular help in their approach to the problems of all types of one parent families
