Read this book to understand how to find a niche that can help you stick out from all the other affiliate marketers who are circling the same general product, thus making your affiliate marketing more effective in the long run. As an affiliate, you first sign up with the advertiser either through an affiliate network or directly. After the contract is signed, you will get a special affiliate URL or link containing the affiliate's username ID. You then use this link for display on your website. Sometimes the advertiser will send some creative content or banners to you that need to appear on your website. These details usually form part of the agreement. When a visitor to your website clicks on the advertiser's link, a cookie from the advertiser is dropped onto the visitor's computer. The customer then makes a purchase or does a required transaction on the advertiser's link. When the visitor completes the transaction, the advertiser will check the cookie on the computer and find your affiliate ID and give you credit for the transaction. This book will also help you learn how to select the best physical or digital products that you can go for as an affiliate. The amount of money that can be made is humongous if the right methodology is adopted. Here is a preview of what you will learn: What is affiliate marketing? How to find a Niche?
