365 Low or No Cost Workplace Teambuilding Activities John Peragine, 2017-01-17 It's now easier to find an activity that you think will work best for your team. It also includes more activities that highlight the importance of diversity, breaking down stereotypes, and acceptance.

Big Book of Virtual Teambuilding Games: Quick, Effective Activities to Build Communication, Trust and Collaboration from Anywhere! Mary Scannell, Michael Abrams, Mike Mulvihill, 2011-12-16 Get remote team members to interact as if they're in the same room. Whether you're videoconferencing with team members across the world or emailing a colleague sitting ten feet away, the truth is evident: technology has permanently altered the way we communicate. The virtual workplace can facilitate quicker decision making and reduced overhead. But the lack of face-to-face interaction can also impede trust, innovation, and creativity among team members. The Big Book of Virtual Team Building Games is packed with games and activities for developing productive virtual teams across all digital platforms, including email, mobile devices, web-based conferencing tools, and social media sites such as Facebook, Twitter, and Skype. The Big Book of Virtual Team Building Games helps you build a greater sense of community and reduce conflict. Increase levels of engagement. Get the most out of more introverted team members. Boost team members' productivity. Make sure that the only thing separating your people is distance. The Big Book of Virtual Team Building Games is just the tool you need to develop trusting relationships, foster clear communication, and use technology to enhance the team's connections.

Collaborative Communication Processes and Decision Making in Organizations Nikoi, Ephraim, 2013-08-31 Although organizational decision making can be very complex, the understanding of technology applications is significant in not only determining the usefulness of virtual groups in organizations but also in the designing of electronic collaborative activities. This publication is an essential resource for instructors and students of organization and group communication and institutions that have networks of offices and employees in multiple geographical locations.
