Haig,Laurel Harper,1997-05-14 This book brings together both design and marketing expertise to explain how to create a truly effective company logo It demonstrates and explains how to integrate concepts such as credibility familiarity and the essential spirit of a business into a logo design Written for both the designer and the company manager it defines the meaning of credibility and then demonstrates the kinds of qualities that convey credibility in a company logo You need this book if you are A designer attempting to understand marketing and business concepts how to translate credibility into design the defining qualities of a business what a client is saying the many applications of a logo A manager attempting to understand how to approach the task of creating a logo the designer's perspective what message a company logo should convey how design can be used to symbolize expertise how to communicate clearly with a designer **Masters of Design** Sean Adams,2008-09 From the Publisher Masters of Design Logos and Identity features the best logo designers from around the world Each profile delves into the designer's process passions and techniques for successful logos and identities Hundreds of logos and identities are featured in this inaugural volume of the Masters series ranging from simple marks to full scale identity programs See first hand how the masters have created the most recognizable and successful logos adorning our landscape *Logo Design Theory* A Michael Shumate,2020-06 The world famous branding designer Ivan Chermayeff said of the first edition of Logo Design Theory At last somebody actually understands what identity design is all about and how it is accomplished Logo Design Theory explains the underlying principles of logo design branding design corporate identity

design with clear examples and logical text

**Section 1 Foundational Principles of Graphic Design** In our digital age many design schools concentrate so much on design software that some basic precepts may be missing from the curriculum Here are some essential principles that have great impact on branding design

**Section Two Branding Fundamentals** Understanding some basics of branding history both ancient and recent will give us perspective on branding design today

**Section Three Core Principles** Generating Concepts Better identities are created from a position of wealth of concepts rather than just one or two concepts A proven method to develop more and better corporate identity concepts

**Section Four Core Principles** Seven Deadly Sins of Logo Design Several common approaches to identity design prevent an identity from working in ways that every identity should be able to work

**Section Five Core Principles** Visual Techniques Any given concept can be executed in virtually endless ways These techniques can transform a common concept into an uncommon or even remarkable final identity

**Section Six Core Principles** Color Typographic Spatial Issues Even superior designs can be undermined by poor color typographic or spatial choices and how to prevent that

**Section Seven Implementing Core Principles of Identity Design** Hundreds of current examples demonstrate the consequences of deviating from the Core Principles of Branding Design plus the benefits of redesigning to abide by them
