The conference will be held every year to make it an ideal platform for people to share views and experiences in international conference on Internet Education and Information Technology and related areas.

A Writer's Reference with Exercises Diana Hacker, Nancy Sommers, 2024-09-26

A Writer's Reference with Exercises answers common writing questions, helps you accomplish college assignments with confidence, and gives you strategies for using AI tools responsibly to save time but still sound like you.

A Writer's Reference with Writing about Literature Diana Hacker, Nancy Sommers, 2024-10-01

Your college writing will be one way you put your ideas and yourself out into the world. *A Writer's Reference* helps you strengthen your skills for that important work. It helps you develop a range of literacies: writing, reading, thinking, collaborating, using information, and working responsibly with AI. Acknowledging that generative AI tools are part of many writers' processes, *A Writer's Reference* teaches concrete, flexible strategies for applying your human intelligence to artificial intelligence. See C1.a and the AI tips throughout. It helps writers to see AI not as a substitute but a starting point because if you've heard the expression "you do you know that AI simply can't do you," not authentically. It seems magical, but in fact, it understands nothing, can't think, and won't ever replace the human voice your readers will want to hear.

A Comprehensive Guide to AI and Expert Systems Robert I. Levine, Diane E. Drang, Barry Edelson, 1986

Innovations in Teaching Philosophy Brynn F. Welch, 2025-12-11

What am I doing here and what do I want this class to be? What kind of class am I designing and why? What does a meaningfully inclusive classroom look like? *Innovations in Teaching Philosophy* tackles the current challenges in higher education with bite-size chapters offering practical advice on a variety of issues. Here you will find guidance from award-winning teachers about what they have tried in the classroom, how it worked, and why they did it. Motivated by a recognition of the ever-changing landscape, philosophy teachers face, the conversational tone of the short chapters emphasizes accessibility and practicality. Standalone chapters allow you to gravitate toward what worries or inspires you the most. The focus throughout is on the most pressing features of the current teaching environment: the role of technology and the desire to make classrooms more inclusive. Contributors encourage and make space for building a community, rethinking who teachers and students are, and what a philosophy class

can and should look like A final section written exclusively by students considers the wonders and woes of the various styles of teaching they have encountered This essential companion is packed with tried and tested tools ready to be modified and adopted to suit your goals as an instructor Here is a chance to better understand what you want for your course for the students and for the immensely rewarding experience of teaching philosophy
