Reilly,M. Joseph Sirgy,C. Allen Gorman,2012-05-31 Employees have personal responsibilities as well as responsibilities to their employers They also have rights In order to maintain their well being employees need opportunities to resolve conflicting obligations Employees are often torn between the ethical obligations to fulfill both their work and non work roles to respect and be respected by their employers and coworkers to be responsible to the organization while the organization is reciprocally responsible to them to be afforded some degree of autonomy at work while attending to collaborative goals to work within a climate of mutual employee management trust and to voice opinions about work policies processes and conditions without fear of retribution Humanistic organizations can recognize conflicts created by the work environment and provide opportunities to resolve or minimize them This handbook empirically documents the dilemmas that result from responsibility based conflicts The book is organized by sources of dilemmas that fall into three major categories

individual organizational internal policies and procedures and cultural social forces external to the organization including an introduction and a final integration of the many ways in which organizations can contribute to positive employee health and well being This book is aimed at both academicians and practitioners who are interested in how interventions that stem from industrial and organizational psychology may address ethical dilemmas commonly faced by employees **Informal**

Workplace Learning and Employee Development Malgorzata Rozkwitalska-Welenc, Beata A. Basinska, Alicja Dettlaff, 2024-06-03 The new paradigm in employee development assumes that employees should proactively direct their learning and growth Most workplace learning is basically informal and occurs through daily work routines peer to peer interactions and networking and typically brings about significant positive outcomes to both individuals and organizations Yet workplace learning always occurs in a predefined context and this context has recently changed Hereafter many people have been delegated to work from home or any other remote location Many employees would like to maintain remote or hybrid work design in the future as well In this research monograph the authors explore an unexplored topic in social science research concerning proactive employee development through informal learning in new ways of working NWW The monograph will be of interest to students and researchers in organizational studies organizational behavior organizational psychology and organizational learning as well as human resource professionals concerned with employee development and the changing nature of work **Expert Level Prompts - 7,800 Expert-Level Prompts for ChatGPT, MidJourney & Professional AI Systems**
