Technology Enhanced Medical and Health Education Joshua Owolabi,2025-11-18 Technology has immense potential to advance medical and health education and medical practice and to greatly improve the experiences of learners and service receivers However many medical and health educators currently do not have the requisite skills exposure and capacity to use the advanced and relatively sophisticated technologies currently available to add value to student and trainee experiences This book addresses this current skills gap providing a comprehensive yet readable introduction to and summary of this rapidly developing field

helping medical and health educators to make the most of the technology available to enhance and improve the student learning experience while adhering to principles that are in alignment with accepted medical education practices where standardization remains a key consideration Key Features Fills gaps in previous training to equip medical and health educators with requisite knowledge skills and attitude to embrace technological advancements Considers tech integration into each major division of health and medical education Provides strategies for leading innovation in health and medical education Addresses educational management and leadership aspects with an emphasis on standardization and optimization in educational technologies This new book provides a much needed standard text on the effective use of technology for all educators involved in teaching medical students and other health professions globally

Neutrosophic Stance Detection and fsQCA-Based Necessary Condition Analysis for Causal Hypothesis Assessment in AI-Enhanced Learning Jesús Rafael Hechavarría-Hernández, Maikel Y. Leyva Vazquez, Florentin Smarandache, This study addresses the ambiguities in empirical findings on artificial intelligence AI in education by proposing a new methodological framework that combines neutrosophic stance detection and Fuzzy Set Qualitative Comparative Analysis fsQCA This approach explicitly models truth indeterminacy and falsity allowing for the synthesis of contradictory research The authors evaluated four causal hypotheses related to AI based learning using a survey of 24 university participants to explore the necessary conditions for perceived learning improvements The results indicate that the digital divide is a perfectly necessary condition for effective AI enhanced learning The findings also reveal that AI feedback and AI platform use are necessary though not sufficient for learning improvements but generate significant uncertainty The study concludes that the neutrosophic fsQCA framework is a viable technique for synthesizing ambiguous findings and provides empirical evidence that digital equity and high quality design are crucial for the successful integration of AI in education

Morning Routines Mira Skylark, AI, 2025-03-06 Morning Routines explores how a structured start to the day can significantly boost productivity enhance mental well being and improve physical health The book argues that a consistent personalized morning routine incorporating elements like mindful hygiene proper nutrition and energizing movement is a proactive strategy against daily stress It delves into the science and psychology behind habit formation and the circadian rhythm illustrating how deliberate choices made in the first few hours after waking can dramatically influence energy levels focus and overall mood One intriguing insight is the connection between morning activity and physiological regulation which impacts mood and focus throughout the day The book's unique value lies in its emphasis on individualization encouraging readers to adapt routines to their specific needs and preferences rather than offering a one size fits all solution Morning Routines progresses from foundational principles and sleep science to specific strategies for designing personalized routines including optimizing sleep incorporating exercise and mastering mindful practices It culminates in a practical guide to implementation and maintenance addressing common obstacles and offering tailored solutions for personal development and overall wellness
