Desperate Street:

Raising World Changers in a Changing World Kristen Welch, 2018-05-01 Almost any parent you asked would tell you that they want their children to be happy successful adults But many of us forget or never knew to begin with that lasting personal joy is not necessarily found the way the world says it is through reaching a certain socioeconomic status having a certain job buying a certain house or having a certain amount in one's bank account In fact says Kristen Welch popular blogger and author of *Raising Grateful Kids in an Entitled World* personal satisfaction comes not from grabbing onto things but from holding them with an open hand and very often giving them away In this inspiring book Welch shows parents how to discover for themselves and instill in their kids the profound joy that comes from sharing what we have been given our time our talents and even what's in our wallets with those who have less Through powerful personal stories as well as stories from Scripture Welch offers a tantalizing alternative to status quo parenting that has the power to impact not only our own families but the entire world At the end of each chapter one of the author's kids offers their perspective on what it's like to be raised as a world changer
