Race and Religion Among the Chosen People of Crown Heights Henry Goldschmidt, 2006-09-01 In August of 1991 the Brooklyn neighborhood of Crown Heights was engulfed in violence following the deaths of Gavin Cato and Yankel Rosenbaum a West Indian boy struck by a car in the motorcade of a Hasidic spiritual leader and an orthodox Jew stabbed by a Black teenager The ensuing unrest thrust the tensions between the Lubavitch Hasidic community and their Afro Caribbean and African American neighbors into the media spotlight spurring local and national debates on diversity and multiculturalism Crown Heights became a symbol of racial and religious division Yet few have paused to examine the nature of Black Jewish difference in Crown Heights or to question the flawed assumptions about race and religion that shape the politics and perceptions of conflict in the community In *Race and Religion among the Chosen Peoples of Crown Heights* Henry Goldschmidt explores the everyday realities of difference in Crown Heights Drawing on two years of fieldwork and interviews he argues that identity formation is particularly complex in Crown Heights because the neighborhood s communities envision the conflict in remarkably diverse ways Lubavitch Hasidic Jews tend to describe it as a religious difference between Jews and Gentiles while their Afro Caribbean and African American neighbors usually define it as a racial difference between Blacks and Whites These tangled definitions are further complicated by government agencies who address the issue as a matter of culture and by the Lubavitch Hasidic belief a belief shared with a surprising number of their neighbors that they are a chosen people whose identity transcends the constraints of the social world The efforts of the Lub avitch Hasidic community to live as a divinely chosen people in a diverse Brooklyn neighbor hood where collective identi ties are generally defined in terms of race illuminate the limits of American multiculturalism a concept that claims to celebrate diversity yet only accommodates variations of certain kinds Taking the history of conflict in Crown Heights as an invitation to reimagine our shared social world Goldschmidt interrogates the boundaries of race and religion and works to create space in American society for radical forms of cultural difference

Turning Judaism Outward Chaim Miller, 2014 Rabbi Menachem Mendel Schneerson 1902 1994 the Lubavitcher Rebbe took an insular Chasidic group that was almost decimated by the Holocaust and transformed it into one of the most influential and controversial forces in world Jewry This superbly crafted biography draws on recently uncovered documents

and archives of personal correspondence painting an exceptionally human and charming portrait of a man who was well known but little understood With a sharp attention to detail and an effortless style Chaim Miller takes us on a soaring journey through the life mind and struggles of one of the most interesting religious personalities of the Twentieth Century

American Jewish History, 2002 **The Jewish Spectator**, 1991 **The Messiah of Brooklyn** Mark Avrum

Ehrlich, 2004 **The Messiah of Brooklyn** Understanding Lubavitch Hasidism Past and Present is the story of the expansion of the Habad Lubavitch school of hasidic Judaism under the leadership of Rabbi Menachem Mendel Schneerson Schneerson was the last in a dynasty of hasidic leaders who came to New York after the Holocaust From a small band of refugees he built a large powerful international community of rabbis emissaries and fervent disciples who committed their lives to his teachings and armed with his instructions lay the foundations of Habad's messianic agenda With a strong focus on outreach amongst Jews as a necessary condition for the redemption it succeeded in becoming the most influential religious group in the last fifty years of modern Judaism Many Lubavitch Hasidim viewed Rabbi Schneerson as the messiah and because of this his death brought about a crisis of faith and leadership within the movement The change in the movement the factions and splinter groups developing variant theologies to explain the death of their messiah are subjects explored by Ehrlich together with the socio religious undercurrents composing the movement's identity **BOOK JACKET Leadership in the HaBaD**

Movement Avrum M. Ehrlich, 2000-01-31 Leadership issues are subject to much discussion and interest yet too little is known of their internal dynamics Leadership and succession of authority has been a constant theme in Jewish literature and life from biblical days until today The present work studies questions relating to authority in general and hasidic authority in particular It uses the various HaBaD hasidic dynasties as a case study to illustrate how authority was transferred from one generation to another and how a leader emerges as a leader despite opposition The rise to eminence of Rabbi Menachem Mendel Schneerson is the third major subject discussed therein He is the focus of careful analysis Through such illustrations leadership characteristics peculiar to that movement as well as general leadership theory are better understood In this work leadership criteria are analyzed and discussed to properly ascertain what brought one person to a position of supreme leadership and what brought another to become a subordinate **The Rebirth of Hasidism** Jacques Gutwirth, 2005 In 1945 there were 20 000 Hasidim in the world Today there are between 350 000 and 400 000 about half of whom are living in Israel This represents a population explosion that cannot be explained in ordinary demographic terms Jacques Gutwirth gives a vivid portrait of the major Hasidic centers from Antwerp to New York and from Jerusalem and Bene Brraq to Paris He describes the main characteristics of Hasidism today as well as its contributions to spiritual and intellectual life and recent developments in its history and its influence worldwide Hasidism is a phenomenon that goes beyond any particular religious conception or lifestyle Its rapid development is linked with contemporary politics and global economics to which it contributes in turn In this rigorous and balanced analysis of one of the most dynamic communities in Judaism the author

brings his knowledge to bear on a wealth of previously unpublished information that will inspire further discussion concerning the return of the religious life in relation to its social and political context *Jewish Book Annual* Solomon Grayzel,1992 *Jewish Issues in Multiculturalism* Peter F. Langman,1999-08 While people are learning about the identities and accomplishments of various racial and ethnic minorities Jewish identity and accomplishments are ignored Programs educate and sensitize people to racism sexism and homophobia but antisemitism is overlooked The purpose of this book is to get Jews and Jewish issues included within the multicultural curriculum The author begins by presenting information about Judaism and Jewish cultures The racial ethnic and religious differences among Jews are presented in order to inform readers about the extent of diversity within the Jewish community Judaism as a religion is presented in terms of its basic values and the impact that these values and the practices that follow from them have had on Western civilization This material is important because it dispels misconceptions that many people have regarding Judaism Also because multicultural writers typically ignore the vast impact of Jews and Jewish culture on the origin and development of psychotherapy a chapter is devoted to documenting the role that Jews have played in the evolution of the profession Langman then focuses on antisemitism Many people have no knowledge of historical antisemitism and think that the Holocaust was the only oppression that Jews have suffered This section first documents antisemitic beliefs laws and violence throughout the last two thousand years Next several contemporary antisemitic beliefs are discussed Then the psychological peculiarities of antisemitism are reviewed Finally the causes of both individual and collective antisemitism are presented An important section of this book concerns itself with relationships between Christians and Jews and Blacks and Jews The chapter on Christians and Jews reviews recent developments in Christian views of Jesus and Judaism and addresses common Christian misconceptions about Judaism The chapter on Blacks and Jews examines racism among Jews and antisemitism among Blacks A variety of explanations of antisemitism in the *Le-'ela* ,1993 *Visions of Innocence* Edward Hoffman,1992 The author presents a new perspective on childhood by closely examining the spiritual experiences adults remember having had as children dreams visions etc showing how these memories can enrich our lives as adults *Reference Library of Arab America: Countries & ethnic groups, Algeria to Jordan* ,1999 **Shofar** ,1990 **Index to Jewish Periodicals** ,1992 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests Religion and State in the American Jewish Experience Jonathan D. Sarna,David G. Dalin,1997 This text focuses on what it means to be Jewish in America and the different positions held within the Jewish community on past and present church state issues whether Orthodox Jews in the military should wear yarmulkes while in uniform and if Jewish prisoners have a right to Kosher food The Cumulative Book Index ,1991 A world list of books in the English language
