Illuminati Bible of Divine Light: Part one Sorin Cerin, 2021-07-10

With the appearance of my first philosophical studies but also of aphorisms I initially published the book entitled Bible of the Light and then a more complete form of the book Bible of the Light was the book entitled The Illuminati Bible so that in present to publish the full form of the Bible which I felt that it will be perfected with the help of God and which I decided to call the Illuminati Bible of Divine Light Some will wonder why I chose this name of The Illuminati Bible starting with that book published in 2014 the content of which is also in this book called the Illuminati Bible of Divine Light which in turn contains many other parts Simple Firstly because I wanted to help in Good the Karma of this World because Illuminati and Enlightenment are spoken of in negative terms and secondly because Illuminati comes from Enlightenment and true Enlightenment cannot bring the Evil nor can it be the Evil vile True Enlightenment must be based only on Good and never on bringing the Evil as the supreme Wickedness Therefore in order to improve the Karma of Mankind I show that Enlightenment does not consist in Wickedness but in combating Wickedness The enlightened ones cannot be a hidden group of people who lead humanity out of the shadows committing all sorts of evils and abuses to maintain power These people are by no means Enlightened but Dark If there really are some in such a situation then they use the term Illuminati or Enlightened falsely How just as Dark are those who dirtyly attack on the true Illuminati or Enlightened only out of obscure interests of a religious nature for fear that the Enlightened ones might open the souls of the People and show them the Way to the Truth from which some high prelates that are at the head of certain churches flee who are afraid that if the Truth would be found they will lose both their financial and their decision making power I believe that the future will belong to those truly Enlightened the true Illuminati A thing is to use Evil to bring through it Good and another is to use Evil to bring through it the Wickedness The true Enlightened and not Dark are those who understand that the Evil can only be used for Good when he can do it and the Good only for the Evil less Evil when the Good itself can lead to destruction disaster or pain The real Bad People the Dark Ones are the ones who use both Good and Evil to do as much as possible Evil and not Good Mankind must understand that the Evil and Good the God and the Devil are an Entity with two distinct characteristics an Entity that defines our True God that is our Creator Factor and Unique Incidentally Therefore in order to improve the Karma of this World we will have to pray to the Universal Consciousness formed by the Universal Pure Language That is to pray to the Divine Light of all the Worlds the Supreme God of Intelligence which to inspire our thoughts so that to use in moderation both Good and Evil for the ultimate purpose of doing and bringing through us as much as possible Good Why didn't I let in continuation the name of the

Illuminati Bible and to this new much deeper work of the Bible and call it the Illuminati Bible of Divine Light Because compared to the other book called the Illuminati Bible the Illuminati Bible of Divine Light contains in addition to the content of that book many other new chapters that appeared with the new Wisdom Collections or with the final form of the Coaxialism Sorin Cerin Phantom of Chance John D Lyons,2011-11-30 How the classical and medieval conceptions of Fortune shifted to the modern notion of chanceIs chance nothing more than a projection of human desire on to the world In this fascinating new study John Lyons argues that the idea of chance assumed new vigour in the late Renaissance when converging philosophical and literary currents demystified the powerful concept of Fortune sensitizing writers to the relationship between human desire and the world s apparent randomness Up to now the story of chance has been written by historians of mathematical thought and has focused on calculation probability and gambling Lyons by contrast highlights the ethical aesthetic and even erotic aspects of chance He offers detailed readings of the works of major French authors Montaigne Corneille Lafayette Scudery Pascal Racine Bossuet and La Bruyere *LITERARY INSIGHTS IN THE WORKS OF KIRAN NAGARKAR* Dr. Kamalakar Baburao Gaikwad,2025-04-11 **The Creative Power of Chance** Rémy Lestienne,1998 In 1859 Charles Darwin used chance to introduce random mutations and selection as the basis for his theory of evolution Since then chance has invaded every corner of scientific inquiry French scientist Remy Lestienne argues that chance is a real creative force and cites scientific evidence for the presence of true chance in the world **Leadership** William Russell White,1951 **Fate, Predestination, and Human Action in the Mahābhārata** Peter Hill,2001 Description This study explores the history of ideas concerning karma predestination fate and the efficacy of human action in India s great epic the Mahabharata The relative importance of human action and such external causative forces as fate time and divine interference is a problem of perennial interest to the Mahabharata s innumerable composers and one which is often treated with a sense of urgency and feeling The core argument presented in the study is that despite the wide variety of views to be found in the Mahabharata it is the consistent albeit varying emphasis placed by Indian thinkers upon the importance and meaningfulness of human effort and freedom that most stands out Given Hinduism s general reputation for fatalism it is a point of some importance The reason for this would seem to lie principally with the way in which the essential concern in Hindu culture for moksa and dharma effectively pre disposed Hindu thinkers towards placing a high value upon power control and freedom *English Prose* Sir Henry Craik,1896 This collection shows the growth and development of English prose by extracts from the principal and most characteristic writers *Nuovo dizionario portatile Italiano-Inglese e Inglese-Italiano: Italiano-Inglese* Friedrich Ernst Feller,1898 **When the Devil was Sick** Charles Ross,1924 **Disraeli in Outline** Frederick Carroll Brewster,1890 **Shakespeare Diversions** Francis Jacox,1875 *The Works of Benjamin Disraeli, Earl of Beaconsfield, Embracing Novels, Romances, Plays, Poems, Biography, Short Stories and Great Speeches: Vivian Grey* Benjamin Disraeli,1904 *The Works of Benjamin Disraeli: Vivian Grey* Benjamin Disraeli,1904 *Sermons*
