Destiny By Default A Memoir:

Destiny by Default Laurice B. Maloley, 2002-09 *Jehovah Good Bye The New Theism of Love* by Richard Shiningthunder Francis is a passionate but reasoned demand that we as a culture abandon the archaic and hideously dangerous god image of our primitive ruthless savage ancestors of the twenty first century BC Although virtually ubiquitous in fundamentalist churches this volatile perilous war god from the past simply has no valid place in an age where we have the weapons to destroy planet Earth This explosively controversial book is refreshing because it provides a workable viable alternative The new God of the new age must be reformulated from the big daddy in the sky image to a God who is actually defined as Love itself This new God is not a person separate from sentient creation but is a state a process a powerful interior potential Describing the new God as universal Mind Richard Francis clearly elucidates the various levels and layers of mind with special compassion and tenderness towards all those tragic disappointed and bitter people whose prayers have gone ignored He also displays a soft spot in his heart for atheist who have felt forced to give up on God The book also presents a practical explanation for the phenomenon of evil It is also a real and valuable guide After considering the historical and theological dilemmas of the old god myth Part II of the book illustrates and describes a simple step by step implementation program Thus the book is a priceless tool for those who actually want to improve their lives As a single dramatic example the book describes a simple method which you can use immediately to absolutely completely rid your life forever of all disappointments Dozens of other realistic patterns are described in detail for actualizing the Way of Love not a religion but a spiritual Way of life Reading this stunning book will change for the better the way you think and live for the rest of your life
