Extraterrestrials and the American Zeitgeist Aaron John Gulyas, 2013-05-20 Since the 1950s men and women around the world have claimed to have had contact with human like visitors from space This book explores how the contactee subculture has critiqued political social and cultural trends in the United States Europe and elsewhere Not merely quaint relics of the 1950s Atomic Age contactees have continued their messages of transformation into the 21st century Regardless of whether these alleged contacts took the form of physical meetings or channeled paranormal psychic communications or whether they actually happened at all contactees have provided a consistently relevant source of commentary on this world and beyond

Subject Guide to Books in Print , 1993 The Rebirth of Antisemitism in the 21st Century David Hirsh, 2023-11-29

The Rebirth of Antisemitism in the 21st Century is about the rise of antizionism and antisemitism in the first two decades of the 21st century with a focus on the UK It is written by the activist intellectuals both Jewish and not who led the opposition to the campaign for an academic boycott of Israel Their experiences convinced them that the boycott movement and the antizionism upon which it was based was fuelled by and in turn fuelled antisemitism The book shows how the level of hostility towards Israel exceeded the hostility which is levelled against other states And it shows how the quality of that hostility tended to resonate with antisemitic tropes images and emotions Antizionism positioned Israel as symbolic of everything that good people oppose it made Palestinians into an abstract symbol of the oppressed and it positioned most Jews as saboteurs of social progress The book shows how antisemitism broke into mainstream politics and how it contaminated the Labour Party as it made a bid for Downing Street This book will be of interest to scholars and students researching antizionism antisemitism and the Labour Party in the UK **Insight, Soviet Jews** , 1975 **Can "The Whole World" Be Wrong?**
