## Det Handler Om Mennesker:

**Journalistikkens grundtrin : fra ide til artikel** Mogens Meilby, 2001 Om hele journalistens arbeidsprosess fra den første ide over research kildekritik interview skriveprosess og dokumentation til den ferdige artikel PSYKOPATEN og NARSISISTEN Lili Vi, 2025-10-31 En kombinert l re bok fagbok oppslagsbok om hvordan lettere avdekke takle og forsvare seg mot narsissister psykopater sosiopater og manipulatorer P verdensbasis antas antallet psykopater være 5% dvs hver 20 menneske Det betyr at de lever midt iblant oss alle uten at de fleste av oss er klar over hvem de er Mennesker som kan påføre oss alvorlig skade og tap på alle områder av vår livshelse og frihet Internasjonale undersøkelser har avdekket at over 90% av de som begår overgrep mot barn har narsissistiske trekk Som samfunn har vi ikke tatt på alvor eller vært klar over de enorme skader mennesker med narsissistiske og psykopatiske trekk kan påføre våre omgivelser Mennesker som står for nesten all strid og ondskap mellom mennesker De kalles De usynlige mordere I deres fotspor er der mange delagte liv *Liberal Parties in Europe* Emilie van Haute, Caroline Close, 2019-02-12 This book investigates how liberal parties have evolved over time as a party family in a comparative perspective Through a discussion of the applicability of the concept of party family to liberal parties it gives a better picture of the development challenges and opportunities for liberal parties in Europe The history of liberal parties in Europe is peculiar and the origins of the liberal family are not clearly defined Liberal parties are still quite heterogeneous given the various meanings embraced in the idea of liberalism including economic liberalism cultural liberalism progressivism social liberalism Bringing together the best specialists engaged in the study of liberal parties and with a two levels perspective comparative and case study this book renews and expands our knowledge on the liberal party family in Europe Four major themes are developed linked to the four approaches of the concept of party family electoral performances participation to power ideology and political program and party organization These themes are systematically developed in case studies and in comparative chapters Primarily aimed at scholars and students in comparative politics this book should especially appeal to scholars in the fields of political parties and party systems representation and elections voting behavior and public opinion **The Sociolinguistics of Place and Belonging** Leonie Cornips, Vincent A. de Rooij, 2018-03-15 This volume shows the relevance of the concepts of place and belonging for understanding the dynamics of identification through language It also opens up a new terrain for sociolinguistic and linguistic anthropological study namely the margins Rural as well as urbanized areas that are seen as marginal or peripheral to places that are overtly recognized as mixed and hybridized have received relatively little sociolinguistic attention Yet people living in these supposedly less spectacular margins are not immune to the effects of globalization and rapid technological change They too constantly form new ensembles from linguistic and cultural resources which they invest with novel instable often ambiguous meanings This volume focusses on the purportedly unspectacular in order to achieve a full understanding of the relation between language place and belonging The contributors to this volume therefore focus on language practices analyzing them as dialectically

related to political economic processes and language ideologies
