Monatshefte Für Deutsche Sprache und Pädagogik ,1966 The Evolution of Christmas Gustavo

Vazquez-Lozano,2025-05-22 Christmas is the most important holiday of the year After the corresponding days that exalt the national pride of each country such as Independence Day in the United States Victory Day in Russia or Bastille Day in France it s December 25 that articulates the life the work and the economy in much of the world including many non Christian countries Since ancient times the beginning of winter has been the occasion for most people to eat drink dance and get together to beat the drum and take a break Especially since the 20th century on the days adjacent to the holiday have become an occasion to do big business The winter season is the most solid stimulus for the economy more than any fiscal package since the incomes of families spending credit and consumption in all productive sectors are significantly increased In the United States alone Christmas sales are estimated to generate 3 trillion This jubilee of consumption and purchase of goods and gifts is accompanied by a series of child pleasing customs a pine tree with lights and ornaments inside the homes Christmas carol preparation of sweet meals and treats the chubby figure of Santa Claus and to a lesser extent Nativity scenes depicting the birth of Jesus Each country also preserves exclusive traditions that are highly esteemed among their own population In Russia people cook 12 dishes in honor of the 12 apostles then return to the church for an all night vigil In Estonia children must sing before receiving their gifts In Mexico groups of people wander from door to door singing the story of Joseph and Mary when they were searching for a place to stay and inside the house that receives them they break pi atas full of candy In the United States the streets are decorated with colorful lights and choirs of children sing carols beside huge fir trees In India even with its Christian minority people call Christmas the big day and celebrate it by planting trees The holiday animates debate too For those interested in history it is the time of documentaries on television where so called experts repeat the worn out speech that the Church deliberately put the date of Christmas over a pagan celebration the Saturnalia or Sol Invictus the solar god of the Roman Empire Others will say that Santa Claus is a legacy of Norse mythology related to Odin s journey through the heavens and that the star of Bethlehem could have been a spectacular planetary conjunction that occurred in 7 BCE For the self denominated neo atheists it is the time to offer interviews on major networks and declare that everything is a hoax and that the story of Jesus s birth is a myth copied from the story of the god Mitra The celebration goes unnoticed for no one making Christmas arguably the only holiday that for better or worse unites the whole planet How did things progress from that story in the Bible with a Jewish girl giving birth to the Messiah of Israel in a manger in the city of Bethlehem to the modern colossus that is the Christmas holiday How did Santa Claus the Christmas tree the snow sleighs the presents and family reunions become the distinctive features of the holiday if none of them were there at the beginning The answers can be attributed to a chain of events characters oral traditions artistic works and an assimilation of local especially Germanic folklore that came together to create Christmas as the world now knows it The
