German Baroque Poetry Robert Marcellus Browning, 1971 **Routledge Library Editions: German History** Various, 2021-07-14

Originally published between 1929 and 1991 the volumes in this set Offer a comprehensive and challenging interpretation of the German past Assess Bismarck's contribution to the German Empire and his legacy for modern Germany Examine the psyche of the Germans and discuss the psychological impact of the Second World War on the Germans Review critically not only the rise and rule of National Socialism but also the strength of authoritarianism and militarism and the weakness of democracy in 19th Century Germany Examine the interrelationships between social and economic change on the one hand and political developments on the other Analyse the significance of the Zollverein on economic growth Discuss authority and the law in the German Empire and the Weimar Republic Analyse the contribution of German historians to 20th Century historiography Chart key events in British German trade rivalry Include

archival material from both the former East and West Germany Volksbücher Vom Sterbenden Rittertum Heinz Kindermann,1928 **Gottfried Benn's Static Poetry** Mark William Roche,2020-05-01 This book consists of close readings of four poems illustrating Gottfried Benn's developing conception of stillness or stasis *Trunkene Flut* 1927 *Wer allein ist* 1936 *Statische Gedichte* 1944 and *Reisen* 1950 Mark Roche pays particular attention to the interrelation of form and content and he uncovers previously overlooked allusions to thinkers such as Aristotle Seneca and Meister Eckhart Benn's supposedly pure poetry of stasis is in reality an expression of opposition to Nazi ideology Roche argues and should be viewed in the context of inner emigration Nevertheless Benn's opposition to Nazism unwittingly rests on the same decisionistic foundation as the power positivism he deplores Benn's well intentioned critique of Nazism is ultimately unsuccessful The book concludes with a theoretical postscript that suggests ways in which intellectual history could be made productive for literary interpretation and provides arguments in favor of an aesthetic analysis attentive to both formal structures and philosophical coherence German Baroque Writers, 1580-1660 James N. Hardin,1996 Essays on writers of German baroque literature primarily prose fiction and poetry in German and in Latin including religious tracts works by theologians and mystics as well as a vast body of alchemical astrological and quasi scientific literature published in the Holy Roman Empire of the German Nation Many important works during the first half of the seventeenth century are adaptations or translations of works from other languages Germany Jethro Bithell,2019-06-26 The 5th edition of this classic book was originally published in 1955 and includes contributions from well known authors on history politics literature art architecture and philosophy The ideas are discussed and interpreted in the context of the development of European and global intellectual cultural and political life and includes chapters on the German communist writers of the post war years A Critical-historical Survey of Gustav Schwab's Anthology Frances Marie Hankemeier Ellis,1928 **German Literature: Author and title listing** Harvard University.
