future of political theology This book presents a rich overview of fresh contemporary theoretical approaches uniquely prioritizing the prospects of the future of political theology but also making room for significant interventions from philosophy and political theory Including prominent essays on Judaic Islamic Buddhist and Christian perspectives this book balances elements from post modern theology with more classical as well as anti post modern approaches *The Development of Christianity* Otto Pflleiderer,1910 *The Knowledge of God and Its Historical Development* Henry Melvill Gwatkin,1906 **History of the Development of the Doctrine of the Person of Christ** Isaak August Dorner,1892 **An Essay on the Development of Christian Doctrine** Saint John Henry Newman,1906
