Developing The Global Teacher Theory And Practice In Initial Teacher Education:

Developing the Global Teacher Miriam Steiner,1996 The outcome of a collaboration between teacher educators and development agencies this book draws on a wide range of experience and perspectives from individuals and organizations working for justice in national and international contexts *Teacher Education* Elwyn Thomas,2002 Focusing on values in education these writings present current debates on fundamental issues These include who decides the values what are the key accompanying issues and what are their religious moral and political dimensions and implications

Internationalization of Teacher Education Reyes L. Quezada,2014-07-16 This book proposes to excite readers to engage in conversations on how Schools and Colleges of Education can internationalize teacher education programs so that graduates have global teaching experiences that teacher education curricula include global perspectives and that there are opportunities to have faculty think and teach from a global perspective The contributions in this book are by authors who have the knowledge and expertise in international teacher education to answer many questions regarding the development of a 21st century competent global teaching force They describe their experiences programs and support for the goal of continuing to internationalize Schools and Colleges of Education The book is designed to be interactive readers are encouraged to engage themselves in the conversation as the editor invites them to e mail any of the authors to discuss questions posed Questions addressed in this issue include defining internationalization global teacher competency hearing voices from the field as graduates and faculty share how internationalization has had an impact on teaching program development and professional and personal development This book was originally published as a special issue of Teaching Education **Changing Citizenship** Audrey Osler,Hugh Starkey,2005-04-16 How can citizenship in schools meet the needs

of learners in multicultural and globalized communities Can schools resolve the tensions between demands for effective discipline and pressures to be more inclusive Educators politicians and the media are using the concept of citizenship in new contexts and giving it new meanings Citizenship can serve to unite a diverse population or to marginalise and exclude With the introduction of citizenship in school curricula there is an urgent need for developing the concept of cosmopolitan and inclusive citizenship Changing Citizenship supports educators in understanding the links between global change and the everyday realities of teachers and learners It explores the role that schools can play in creating a new vision of citizenship for multicultural democracies Key reading for education researchers and students on PGCE B Ed and Masters courses in Education as well as citizenship teachers and co ordinators Changing Citizenship is of interest to all concerned about social justice and young people s participation in decision making **Register of Educational Research in the United**
