### **The Female Founder Formula: A Real-Life Roadmap to Nailing Entrepreneurship** Helen McGuire, 2025-01-24

Take a look in your local bookstore and ask yourself who's been defining business success for decades. This book is here to change the narrative for us all. Most women start businesses motivated by passion or purpose; they are driven to tackle the bigger issues or to provide a better way of life for them and their families. Most business books are written by men; they don't take purpose or lifestyle into account. Having been successful as an entrepreneur while raising a young family over the last decade, Helen McGuire wanted to write the book she wished she'd had when she started out as a female founder with babies, a busy family life, and just an idea. This is an honest, hand-on-heart roadmap that takes a clear-eyed, no-nonsense view of real world biz and life challenges. Upbeat tongue-in-cheek and frank, it's filled with advice, successful strategies, and inspiration for the entrepreneur who wants to get ahead, get real, and get going. \_\_\_\_\_ Helen McGuire is the founder of two award-winning tech companies and among the 0.5% of women to have successfully had their business acquired. Her second co-founded company is now integrated globally, making the recruitment process more equitable for candidates everywhere. Reiki CBT qualified, she lives in Dubai with her husband, three children, and a cat, and now supports founders to pursue their own success.
