Advancing Adaptive Education: Technological Innovations for Disability Support Çela, Eriona, Fonkam, Mathias Mbu, Vajjhala, Narasimha Rao, Eappen, Philip, 2024-12-30 Advancing adaptive education through technological innovations is crucial in creating inclusive learning environments that cater to students with disabilities. With the development of assistive technologies, personalized learning tools, and digital platforms, educators can offer personalized educational experiences to accommodate diverse learning needs. From speech recognition software and text-to-speech applications to AI-powered tutoring systems and virtual classrooms, these innovations enable students with disabilities to access education for which they were previously unable. By harnessing technology, adaptive education supports academic achievement while fostering greater independence and confidence among learners, ensuring all students have the opportunity to succeed. Advancing Adaptive Education: Technological Innovations for Disability Support explores the intersection of education and technology, focusing on how adaptive learning strategies and tools can support students with disabilities. It provides a comprehensive examination of how technologies like artificial intelligence, machine learning, and assistive tools can be leveraged to create inclusive and personalized learning experiences. This book covers topics such as assistive technology, machine learning, and student disability, and is a useful resource for educators, engineers, computer scientists, sociologists, academicians, and researchers.
