## **Destruction Of The Zulu Kingdom:**

**The Destruction of the Zulu Kingdom** Jeff Guy, 1979 This book tells the story of the destruction of the material strength and political independence of an African society a hundred years ago Contemporary records of such events usually dominated by those who initiated the conquest show in this instance conflicting accounts by supporters of Cetshwayo s independent kingdom and by colonial officials influenced by the developing demands of capitalism The author has tried to explain these contradictory interpretations of events and to construct a narrative which moves from the homesteads of the Zulu kingdom to colonial Natal and the Cape to Victorian London and back to the battlefields of Zululand Destruction of the Zulu Kingdom Jeff Guy, 1982 **Zulu Vanquished** Ron Lock, Peter Quantrill, 2005 The Anglo Zulu War of 1879 has become synonymous with Britain s humiliating defeat at Isandlwana and the equally heroic defense of Rorke s Drift where little more than 140 British soldiers kept over 3 000 Zulu warriors at bay But these two celebrated actions were only one part of a campaign that lasted for over six months and resulted in the destruction of the Zulu Kingdom leading to a decade of civil war Founded on a wealth of first hand accounts some published here for the first time as well as the authors intimate knowledge of the history and terrain of Zululand *Zulu Vanquished* is a groundbreaking work that sheds light on the wider Anglo Zulu conflict and will prove indispensable for scholars and enthusiasts alike *The Role of Colonial Officials in the Destruction of the Zulu Kingdom* Jeff Guy, University of Natal (Durban, South Africa). Department of History, 1979\* *The Rise and Fall of the South African Peasantry* Colin Bundy, 1979-01-01 Terrific Majesty Carolyn Hamilton, 2009-07 Since his assassination in 1828 King Shaka Zulu founder of the powerful Zulu kingdom and leader of the army that nearly toppled British colonial rule in South Africa has made his empire in popular imaginations throughout Africa and the West Shaka is today the hero of Zulu nationalism the centerpiece of Inkatha ideology a demon of apartheid the namesake of a South African theme park even the subject of a major TV film *Terrific Majesty* explores the reasons for the potency of Shaka s image examining the ways it has changed over time from colonial legend through Africanist idealization to modern cultural icon This study suggests that tradition cannot be freely invented either by European observers who recorded it or by subsequent African ideologues There are particular historical limits and constraints that operate on the activities of invention and imagination and give the various images of Shaka their power These insights are illustrated with subtlety and authority in a series of highly original analyses *Terrific Majesty* is an exceptional work whose special contribution lies in the methodological lessons it delivers above all its sophisticated rehabilitation of colonial sources for the precolonial period through the demonstration that colonial texts were critically shaped by indigenous African discourse With its sensitivity to recent critical studies the book will also have a wider resonance in the fields of history anthropology cultural studies and post colonial literature **Great Kingdoms of Africa** John Parker, 2023-03-21 A groundbreaking sweeping overview of the great kingdoms in African history and their legacies written by world leading experts This is the first book for nonspecialists to

explore the great precolonial kingdoms of Africa that have been marginalized throughout history Great Kingdoms of Africa aims to decenter European colonialism and slavery as the major themes of African history and instead explore the kingdoms dynasties and city states that have shaped cultures across the African continent This groundbreaking book offers an innovative and thought provoking overview that takes us from ancient Egypt and Nubia to the Zulu Kingdom almost two thousand years later Each chapter is written by a leading historian interweaving political and social history and drawing on a rich array of sources including oral histories and recent archaeological findings Great Kingdoms of Africa is a timely and vital book for anyone who wants to expand their knowledge of Africa s rich history **Women Writing Home, 1700-1920 Vol**

**1** Klaus Stierstorfer,Deirdre Coleman,Cecily Devereux,Susan Clair Imbarrato,Charlotte J Macdonald,2024-08-23 Assembles a range of women s letters from the former British Empire These letters written home are not only historical sources they are also representations of the state of the Empire in far off lands sent home to Britain and occasionally other centres established as home *Imperial Incarceration* Michael Lobban,2021-09-09 For nineteenth century Britons the rule of law stood at the heart of their constitutional culture and guaranteed the right not to be imprisoned without trial At the same time in an expanding empire the authorities made frequent resort to detention without trial to remove political leaders who stood in the way of imperial expansion Such conduct raised difficult questions about Britain s commitment to the rule of law Was it satisfied if the sovereign validated acts of naked power by legislative forms or could imperial subjects claim the protection of Magna Carta and the common law tradition In this pathbreaking book Michael Lobban explores how these matters were debated from the liberal Cape to the jurisdictional borderlands of West Africa to the occupied territory of Egypt and shows how and when the demands of power undermined the rule of law This title is also available as Open Access on Cambridge Core **Blood from Your Children** Benedict Carton,2000 The young black activists whose rejection of their parents complacency led to the 1976 Soweto uprising and the eventual demise of apartheid are part of a long tradition of generational conflict in South Africa In Blood from Your Children Benedict Carton traces this intense challenge to an extraordinary and pivotal episode a century ago that bitterly divided families along generational lines Facing a series of ecological disasters that crippled agriculture in the 1890s African youths in colonial Natal and Zululand perceived their fathers struggle to meet increased colonial demands as an act of betrayal Young people engaged more frequently in premarital sex while young men sparked widespread gang fights and young women rejected traditional filial and marital obligations In 1906 after the imposition of an onerous head tax on young men this domestic turmoil exploded into an armed uprising known as Bambatha s Rebellion The young men sought revenge by attacking both the African patriarchs whose apparent accomodation they considered traitorous and the colonial troops dispatched to quell the violence After the Natal forces crushed the insurrection some captured rebels faced trial for treason under martial law Often their fathers testified against them While the military intervention eventually caused many more African youths to seek work in the mines thus

defusing generational turmoil others moved to industrial centers in the wake of the uprising These young people formed the vanguard of insurgent political groups that continue to play an important role in South African urban life Through his lively and thorough presentation of the forces at work in Bambatha s Rebellion Benedict Carton brings a fresh understanding to the tragic role of defiant youth and generational rivalry in African resistance

**Rope of Sand** John Laband,1995 The Kingdom forged by Shaka was once one of the most powerful and sophisticated black states in Africa It took the British at the height of their imperial power six months and a full military campaign to bring the kingdom down Thereafter Zululand was broken up consigned to bitter civil war and eventually annexed piecemeal its land given over to white farmers in a saga of humiliation and loss This book gives an account of the dramatic emergence and tragic decline of the Zulu kingdom in the 19th century based on research fieldwork It ranges from themes such as Zulu social and political organization through analysis of the vivid personalities and complex political maneuverings of leading Zulu and their colonial opponents to descriptions of military campaigns and battles

The Assassination of King Shaka John Laband,2017-08-03 In this riveting new book John Laband pre eminent historian of the Zulu Kingdom tackles some of the questions that swirl around the assassination in 1828 of King Shaka the celebrated founder of the Zulu Kingdom and war leader of legendary brilliance Why did prominent members of the royal house conspire to kill him Just how significant a part did the white hunter traders settled at Port Natal play in their royal patron s downfall Why were Shaka s relations with the British Cape Colony key to his survival And why did the powerful army he had created acquiesce so tamely in the usurpation of the throne by Dingane his half brother and assassin In his search for answers Laband turns to the Zulu voice heard through recorded oral testimony and praise poems and to the written accounts and reminiscences of the Port Natal trader hunters and the despatches of Cape officials In the course of probing and assessing this evidence the author vividly brings the early Zulu kingdom and its inhabitants to life He throws light on this elusive character of and his own unpredictable intentions while illuminating the fears and ambitions of those attempting to prosper and survive in his hazardous kingdom a kingdom that nevertheless endured in all its essential characteristics particularly militarily until its destruction fifty one years

later in 1879 by the British and whose fate legend has it Shaka predicted with his dying breath      **Saving the Zululand Wilderness** Donal P. McCracken, 2008 Chartering the dire cultural and environmental impact of poachers and the export of Africa's incredibly diverse wildlife this compelling account describes how Zululand's rich natural heritage was rendered nearly extinct due to generations of greed and abuse Documenting the steady decline of wild game from the slaughter of 20 000 elephants so that 1 000 tons of ivory could be shipped from Durban Bay between 1820 and the 1880 s to the indiscriminate global export of rhino and buck horns hides from lions leopards and other wildcats and live wild animals this staggering documentation bears witness to the careless depletion of the last surviving great African kingdom Meticulously researched with emphasis on celebrating the heroic and eventually successful attempts to enforce environmental protection policies through establishing strictly regulated game reserves this incredible saga is a resounding affirmation of how commitment to preservation throughout history can end and then repair the damage done by decades of thoughtless desecration      **The Transvaal Question from a Foreign Point of View** Edouard Naville, 1900      Field Guide to the War in Zululand and the Defence of Natal, 1879 John Laband, 1983      *Journal of Natal and Zulu History* , 1985
