The second edition of David Bentley Hart s critically acclaimed New Testament translation David Bentley Hart s translation of the New Testament first published in 2017 was hailed as a remarkable feat and as a strange disconcerting radical version of a strange disconcerting manifesto of profoundly radical values In this second edition which includes a powerful new preface and more than a thousand changes to the text Hart s purpose remains the same to render the original Greek texts faithfully free of doctrine and theology awakening readers to the uncanniness that often lies hidden beneath doctrinal layers Through his startling translation with its raw unfinished quality Hart reveals a world conceptually quite unlike our own It was a world he writes in which the heavens above were occupied by celestial spiritual potentates of questionable character in which angels ruled the nations of the earth as local gods in which demons prowled the empty places and in which the entire cosmos was for many an eternal divine order and for many others a darkened prison house He challenges readers to imagine it anew a God who reigned on high appearing in the form of a slave and dying as a criminal only then to be raised up and revealed as the Lord of all things *Det Nye Testamente Paa Norsk* ,1849 **The New Testament** Bible,1992 **The Modern Language New Testament** ,1970 **The New Testament** ,1971 *The New Testament* ,1926 **Nye Testamente** ,1864 Vor Herres og Frelzers Jesu Christi Nye Testamente American Bible Society,1849
