Detente A Documentary Record:

Detente Charles E. Timberlake, 1978 *The Making of Détente* Keith L. Nelson, 2019-12-01 Originally published in 1995 In the early 1970s largely as a result of the debilitating struggle in Vietnam the United States began to reassess and redefine its basic approach to East West relations At the same time the Soviet Union was awakening to the liabilities that a continuing and unregulated state of hostility would impose on its own internal and external agenda Keith Nelson details the circumstances and traces the steps that led to the first significant accommodation and easing of tension between the superpowers during the Cold War In this important study Keith Nelson explains the detente period in an imaginative convincing and impressively scholarly manner Although there have been scores of books and memoirs on the subject none have done the job quite like Nelson s In particular he has used post glasnost Russian memoirs and monographs and especially his own interviews with such key players as Dobrynin and Arbatov to present one of the most intelligent Kremlinological studies I have ever seen Melvin Small Wayne State University *Détente: an Evaluation* Robert Conquest, 1974 **The Annals of America: 1969-1973: Détente and domestic crisis**, 1968 *A History of Soviet Foreign Policy, 1917-1991 (English-language Titles)*, 1993 *The Language of Foreign Affairs*, 1987-10 **Nixon's Back Channel to Moscow** Richard A. Moss, 2017-01-17 Most Americans consider d tente the reduction of tensions between the United States and the Soviet Union to be among the Nixon administration s most significant foreign policy successes The diplomatic back channel that national security advisor Henry Kissinger established with Soviet ambassador Anatoly Dobrynin became the most important method of achieving this thaw in the Cold War Kissinger praised back channels for preventing leaks streamlining communications and circumventing what he perceived to be the US State Department s unresponsive and self interested bureaucracy Nixon and Kissinger s methods however were widely criticized by State Department officials left out of the loop and by an American press and public weary of executive branch prevarication and secrecy Richard A Moss s penetrating study documents and analyzes US Soviet back channels from Nixon s inauguration through what has widely been heralded as the apex of d tente the May 1972 Moscow Summit He traces the evolution of confidential channel diplomacy and examines major flashpoints including the 1970 crisis over Cienfuegos Cuba the Strategic Arms Limitations Talks SALT US dealings with China deescalating tensions in Berlin and the Vietnam War Moss argues that while the back channels improved US Soviet relations in the short term the Nixon Kissinger methods provided a poor foundation for lasting policy Employing newly declassified documents the complete record of the Kissinger Dobrynin channel jointly compiled translated annotated and published by the US State Department and the Russian Foreign Ministry as well as the Nixon tapes Moss reveals the behind the scenes deliberations of Nixon his advisers and their Soviet counterparts Although much has been written about d tente this is the first scholarly study that comprehensively assesses the central role of confidential diplomacy in shaping America s foreign policy during this critical era **The Oxford Encyclopedia of American Military and Diplomatic**

History Timothy J. Lynch, 2013 Entries written by renowned diplomatic and military historians as well as key scholars in international relations Provides assessments and analyses of key episodes issues and actors in the military and diplomatic history of the United States Based on the award winning Oxford Companion to United States History Comprehensive collection of entries that span the founding of the U S to its present state Offers a wide range of perspectives to provide an encompassing context of the United States military and diplomatic legacies Expansive bibliographies and suggested readings for each article to aid in research The Oxford Encyclopedia of American Military and Diplomatic History a two volume set will offer both assessment and analysis of the key episodes issues and actors in the military and diplomatic history of the United States At a time of war in which ongoing efforts to recalibrate American diplomacy are as imperative as they are perilous the Oxford Encyclopedia will present itself as the first recourse for scholars wishing to deepen their understanding of the crucial features of the historical and contemporary foreign policy landscape and its perennially martial components Entries will be written by the top diplomatic and military historians and key scholars of international relations from within the American academy supplemented as is appropriate for an encyclopedia of diplomacy with entries from foreign based academics in the United Kingdom and elsewhere The crucial importance of the subject is reflected in the popularity of university courses dedicated to diplomatic and military history and the enduring appeal of international relations IR as a political science discipline drawing on both The Oxford Encyclopedia will be a basic reference tool across both disciplines a potentially very significant market Readership University level undergraduate and graduate students in History Dictionary of International Relations Terms ,1987 **Weekly Record** ,1978 Neither Confirm nor Deny M. Todd Bennett, 2023-01-03 Winner 2024 Book Award Society for History in the Federal Government In 1974 the Hughes Glomar Explorer ostensibly an advanced deep sea mining vessel owned by reclusive billionaire Howard Hughes lowered a claw like contraption to the floor of the Pacific Ocean This high tech venture was only a cover story for an even more improbable scheme a CIA mission to retrieve a sunken Soviet submarine Like a Jules Verne novel with an Ian Fleming twist the saga of the Glomar Explorer features underwater espionage impossible gadgetry and high stakes international drama It also marks a key moment in the history of transparency and not just for what became known as the Glomar response We can neither confirm nor deny M Todd Bennett plumbs the depths of government secrecy in this new account of the Glomar mission and its consequences Trawling through recently declassified documents he explores the logistics media fallout and geopolitical significance of one of the most ambitious operations in intelligence history Glomar Bennett argues played a pivotal but underappreciated role in helping the CIA ward off oversight amid a push for transparency and accountability He reframes the operation s history to offer an alternative perspective on the 1970s a decade known for expansive openness as well as the persistent tension between the demands of democracy and the need for secrecy in foreign policy Combining keen historical analysis and gripping storytelling Neither Confirm nor Deny brings to the surface fresh insights into the history of the security state the

politics of intelligence and the CIA's relationship with the media and the public **Subject Catalog** Library of Congress, 1979 **Subject Catalog, 1979** Library of Congress, 1979 Total Cold War Kenneth Alan Osgood, 2006 Osgood focuses on major campaigns such as Atoms for Peace People to People and cultural exchange programs Drawing on recently declassified documents that record U S psychological operations in some three dozen countries he tells how U S propaganda agencies presented everyday life in America to the world its citizens living full happy lives in a classless society where economic bounty was shared by all Osgood further investigates the ways in which superpower disarmament negotiations were used as propaganda maneuvers in the battle for international public opinion He also reexamines the early years of the space race focusing especially on the challenge to American propagandists posed by the Soviet launch of Sputnik

Cooperation Between the Soviet Union and Three Western Great Powers, 1950-1975 Bertil Nygren, Donald Lavery, 1981

The Fall of Detente Odd Arne Westad, 1997 The relationship between the Soviet Union and the United States at the end of the 1970s was dominated by a series of conflicts over arms control issues and interventions in the Third World In the end the sum of these conflicts destroyed the framework of relaxation of superpower tension known as detente and ushered in a period of renewed Cold war rivalry in the early 1980s It is now possible to look more closely at what happened in the relationship between Washington and Moscow in this era through recently declassified Soviet and American documents This volume contains a number of interpretative essays from leading Cold War historians as well as some of the more important documents from Eastern Bloc and American archives It centres on the SALT II negotiations on conflicts in Africa the Middle East and Afghanistan and on bilateral issues such as trade and human rights **Choice** , 1979 The Vietnam War Files Jeffrey P. Kimball, 2004 The new evidence uncovers a number of behind the scenes plays such as Nixon's secret nuclear alert of October 1969 and sheds more light on Nixon's goals in Vietnam and his and Kissinger's strategies of Vietnamization the China card and triangular diplomacy The excerpted documents also reveal significant new information about the purposes of the linebacker bombings Nixon's manipulation of the POW issue and the conduct of the secret negotiations in Paris as well as other key topics events and issues All of these are effectively framed by Kimball whose introductions to each document provide historical context *World Focus* , 1988 **'American Book Publishing Record' Cumulative** R. R. Bowker LLC, 1976

If you ally need such a referred **Detente A Documentary Record** books that will present you worth, acquire the enormously best seller from us currently from several preferred authors. If you desire to witty books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.
