Deutschlands Heere Bis 1918 Volume 6:

Charge! Digby Smith, 2007-01-15 One of the leading voices on national security issues in the US Congress demonstrates how words have been sharp and powerful weapons of victory in this compilation of great military speeches that helped turn the tide of history Congressman Israel has included speeches that have motivated and mobilized challenged and comforted Some were blurted in the heat of combat others carefully written in places far removed from the brutality of the battlefield but all will inspire readers with the courage that moved people forward against all odds This dramatic sweep of military history in the words of history s military leaders serves to reinforce the concept that the pen is mightier than the sword Congressman Steve Israel represents New York s second district and is a member of the House Appropriations Committee and former member of the Armed Services Committee

The Wehrmacht Wolfram WETTE, 2009-06-30 This book is a profound reexamination of the role of the German army the Wehrmacht in World War II Until very recently the standard story avowed that the ordinary German soldier in World War II was a good soldier distinct from Hitler s rapacious SS troops and not an accomplice to the massacres of civilians Wolfram Wette a preeminent German military historian explodes the myth of a clean Wehrmacht with devastating clarity This book reveals the Wehrmacht s long standing prejudices against Jews Slavs and Bolsheviks beliefs that predated the prophecies of Mein Kampf and the paranoia of National Socialism Though the sixteen million member German army is often portrayed as a victim of Nazi mania we come to see that from 1941 to 1944 these soldiers were thoroughly involved in the horrific cleansing of Russia and Eastern Europe Wette compellingly documents Germany s long term preparation of its army for a race war deemed necessary to safeguard the country s future World War II was merely the fulfillment of these plans on a previously unimaginable scale This sober indictment of millions of German soldiers reaches beyond the Wehrmacht s complicity to examine how German academics and ordinary citizens avoided confronting this difficult truth at war s end Wette shows how atrocities against Jews and others were concealed and sanitized and history rewritten Only recently has the German public undertaken a reevaluation of this respected national institution a painful but necessary process if we are to truly comprehend how the Holocaust was carried out and how we have come to understand it

War of Extermination Hannes Heer, Klaus Naumann, 2000 Among the many myths about the relationship of Nazism to the mass of the German population few proved more powerful in postwar West Germany than the notion that the Wehrmacht had not been involved in the crimes of the Third Reich Former generals were particularly effective in spreading through memoirs and speeches the legend that millions of German soldiers had fought an honest and clean war and that mass murder especially in the East was entirely the work of Himmler s SS This

volume contains the most important contributions by distinguished historians who have thoroughly demolished this Wehrmacht myth The picture that emerges from this collection is a depressing one and raises many questions about why ordinary men got involved as perpetrators and bystanders in an unprecedented program of extermination of racially inferior men women and children in Eastern Europe and the Soviet Union during the Second World War Those who have seen these terrible photos of mass executions and other atrocities currently on show in an exhibition in Germany and soon to be in the United States will find this volume most enlightening

Subject Catalog, 1982 Library of Congress, 1982 *National Union Catalog, 1982* ,1983 **Subject Catalog** Library of Congress, *The Rise of the Military Entrepreneur* Suzanne Sutherland, 2022-09-15 The Rise of the Military Entrepreneur explores how a new kind of international military figure emerged from and exploited the seventeenth century s momentous political military commercial and scientific changes In the era of the Thirty Years War these figures traveled rapidly and frequently across Europe using private wealth credit and connections to raise and command the armies that rulers desperately needed Their careers reveal the roles international networks private resources and expertise played in building and at times undermining the state Suzanne Sutherland uncovers the influence of military entrepreneurs by examining their activities as not only commanders but also diplomats natural philosophers information brokers clients and subjects on the battlefield as well as through strategic marital and family allegiances Sutherland focuses on Raimondo Montecuccoli 1609 80 a middling nobleman from the Duchy of Modena who became one of the most powerful men in the Austrian Habsburg monarchy and helped found a new discipline military science The Rise of the Military Entrepreneur explains how Montecuccoli successfully met battlefield court and family responsibilities while contributing to the world of scholarship on an often violent fragmented political military landscape As a result Sutherland shifts the perspective on war away from the ruler and his court to instead examine the figures supplying force along with their methods networks and reflections on those experiences
