The Best Trading System Chris Beanie, 2012-03-19 If you re into buying stocks here s an amazing proven trading investing system for big stock market returns in the long run as a trader or investor The Best Trading system is considered by many to be one of the best stock market trading books available today Here is a short list of raving reviews by stock traders and investors Even though I have maintained a very conservative approach in buying and selling stocks I am still up 18% in three months I want to thank you for showing me a successful way to trade stocks as well as developing the discipline to execute it I have made many stock trades with a gain of 42 471 That is a 42 9% increase in stock market account value Genius I received your manual today and my first impression was there is nothing in here before I opened it I started reading it and was struck by how much sense it makes Here are a few insights you will gain this book How to invest or trade stocks for a living without penny stocks options or futures even if you have a small account The biggest mistakes stock market people make and why they have mediocre returns How you can emulate Warren Buffett s long term 23% annualized returns via an alternative approach in stocks Why the law of compounding must be adhered to at all times or you will fail or have mediocre stock market returns Why money management is more important than stock picking and how you can make the two work for you Why traditional stock market trading is so difficult and how to make it easier Learn why this system is timeless and why everybody will trade stocks and invest this way in the future Whether you re an aspiring Buffettologist spyders trader gold index trader long short hedge fund manager or just want to manage your stocks this book offers valuable insights that can help you unlock the door to Investing Trading 2 0

[The Three Skills of Top](#)

Trading Hank Pruden, 2007-06-29 Praise for The Three Skills of Top Trading Professor Pruden's new book The Three Skills of Top Trading is unquestionably the best book on a specific trading method and the necessary attributes for trading that I have read. His logic, understanding of human foibles, and use of the Wyckoff method of trading are broadly referenced, readable, understandable, and entertaining. Charles D. Kirkpatrick II, CMT, coauthor of Technical Analysis: The Complete Resource for Financial Market Technicians, Editor of the Journal of Technical Analysis, and board member of the Market Technicians Association. At long last, someone has taken the time and effort to bring the work and insight of Wyckoff to wider public attention, and Hank Pruden has done so masterfully with great clarity and eloquence. Hank has taken the best of Wyckoff's work, combining it with the essential aspects of trader discipline and psychology to provide a highly readable and particularly useful guide to trading. **MUST READING** Jacob Bernstein, www.trade-futures.com. Hank Pruden puts all of the elements needed for successful trading into one volume. This book not only belongs on every trader's shelf but should be close enough for continuous reference. Martin J. Pring, President, www.Pring.com. Dr. Pruden has brought together his lifetime of work in developing a modern approach to analyzing and trading the markets, built upon classic market analysis from the early part of the twentieth century and topped off with modern-day tenets of behavioral finance and mental state management. Thom Hartle, Director of Marketing for CQG Inc, www.cqg.com. I usually consider a book to be well worth reading if it gives me one paradigm shift. I believe that this book will give the average investor a lot more than just one. Van K. Tharp, PhD, President, Van Tharp Institute.
