

## Demonstrate Understanding of Dependent and Independent Clauses

A dependent clause is **NOT** a complete sentence. It needs the support of the main, the independent clause.

Example:

Because I had seen the movie before (This clause needs information to make sense.)

The independent clause can be by itself or a full sentence.

Example:

The teacher is not today.

### Part 1: Sorting the Clauses

Put each clause into either column and then check it under the correct clause. (Remember to read carefully using the hints on page 2.)

1.

If there are enough students, we can sell out. (Remember there is a preposition.)

Although listening is hard, it is a growing market. (Remember the word "although".)

The customer will be told tomorrow. I will get there. (Remember I could be told.)

I believe what you have requested. (Remember the word "believe".)

It is possible to get the job. Although I know they are healthy, (Remember the word "although".)

Even though the process is difficult, (Remember the word "even though".)

I can't stand being exposed. (Remember the word "I can't stand".)

I wish to be happy every day.

Independent Clause

Dependent Clause

### Writing Clauses to Create Sentences

Use the clauses that you have sorted to create one or more sentences. The teacher writing each clause and using which clause with which for the student to understand. Remember to use correct punctuation, too.

Use the worksheet below to help you.

# Developing Literacy Sentence Year Five

**Joe L. Frost, Sue Clark Wortham, Robert  
Stuart Reifel**

## **Developing Literacy Sentence Year Five:**

**Developing Literacy Sentence Year Five** Christine Moorcroft,1999 This activity book for Year 5 Literacy Hour is one of a series covering the sentence level objectives in the National Literacy Strategy framework for teaching from Year R to Year 6 It is photocopiable and aims to develop children s grammatical awareness includes activities which focus on sentence construction the roles of different kinds of words and punctuation promotes independent work has extension activities which reinforce and develop what the children have learned and includes notes for teachers **Primary English Curriculum**

**Guide** Christine Moorcroft,Ray Barker,2013-11-26 First Published in 2001 The purpose of this curriculum guide is to help student teachers and newly qualified teachers to make a start on learning how to become competent teachers of English Despite the emphasis given in training courses to the teaching of English newly qualified teachers often feel underprepared for it and frequently mention their concerns about this These concerns can be partly explained by a general lack of confidence in this key area and partly by widespread media and political criticism of the teaching of literacy It is also because it is often difficult for a student to make the connection between observation of key teaching strategies and his or her own personal practice **Developing Literacy in Preschool** Lesley Mandel Morrow,2007-06-02 Preschoolers are passionate about learning and a high quality preschool program offers rich learning experiences in the areas of language and literacy This engaging book gives teachers and other professionals fresh ideas inspiration and practical tools for integrating age appropriate literacy instruction into the preschool curriculum Including helpful vignettes sample lesson plans and reproducibles the book shows how to create a motivating classroom environment balance child initiated exploration with structured activities and support students developing skills in reading writing speaking and comprehension Essential topics include preschool assessment and working with English language learners **Developing Literacy** Donald R. Bear,Diane M. Barone,1998 Developing Literacy focuses on the reading classroom rather than the reading clinic and highlights the relationship between literacy development and child development Abundant strategies facilitate assessment and offer useful models for both whole classroom and individualized settings **Dyslexia in Practice** Janet Townend,Martin

Turner,2012-12-06 Dyslexia is a specific learning difficulty that hinders the learning of literacy skills This problem with managing verbal codes in memory is neurologically based and tends to run in families Other symbolic systems such as mathematics and musical notation can also be affected Dyslexia can occur at any level of intellectual ability It can accompany but is not a result of lack of motivation emotional disturbance sensory impairment or meagre opportunities The effects of dyslexia can be alleviated by skilled specialist teaching and committed learning Moreover many dyslexic people have visual and spatial abilities which enable them to be successful in a wide range of careers The appearance of this book is to be welcomed It represents a full statement of the best practice to be found in the many kinds of intervention that are conducted with dyslexic students It addresses some fundamental questions that are seldom asked and much of what the skilled teacher

knows and does is set down here in print for the first time From the Preface Collectively the chapters provide a synthesis of current practice focusing on how to assess and treat the symptoms of dyslexia guided by a proper understanding of the cognitive and linguistic weaknesses that underpin the condition The book makes clear that the backbone of intervention for dyslexia is a highly structured multisensory approach that teaches reading and spelling skills at the appropriate rate However it is also explicit in pointing out that such a programme must be delivered with due attention to individual differences in the other cognitive skills that contribute to literacy development and take account of the learner's style interests and not least their confidence and self esteem This book provides an important resource for teachers who wish to become competent in the skills required for the assessment teaching supporting and counselling of dyslexic people in a variety of settings It promises to reach many teachers and in turn their students and families Margaret J Snowling University of York UK

**Developing Literacy** Diane Bloom, 1990

**Language Development across Childhood and Adolescence**

Ruth Berman, 2004-11-30 This volume brings together work by scholars with backgrounds in linguistics psycholinguistics developmental psychology education and language pathology As such the book adds psycholinguistic and crosslinguistic perspectives to the clinical and classroom approaches that have dominated the study of later language development Incorporating insights from prior language acquisition research it goes beyond preschool age to consider both isolated utterances and extended discourse conversational interactions and monologic text construction and both written and spoken language use from early school age across adolescence Data from French Hebrew Spanish and Swedish as well as English cover varied domains morphology and lexicon syntax and verb argument structure as well as peer interaction spelling processing of on line writing and reading poetry The epilogue suggests explanations for the findings documented Across the book the authors show how cognitive and social maturation combines with increased literacy in the path taken by schoolchildren and adolescents towards the flexible deployment of a growing repertoire of lexical elements in varied morpho syntactic constructions and different discourse contexts that constitutes the hallmark of maturely proficient language use

The Development of Language Jean Berko Gleason, Nan Bernstein Ratner, 2009 The seventh edition of The Development of Language written and contributed by leading researchers covers language acquisition and development from infancy through adulthood This authoritative text is ideal for courses that take a developmental approach to language acquisition across the full life span The text thoroughly explores syntax morphology semantics phonology and pragmatics It examines atypical development with attention to the most common disorders affecting language acquisition presents strong coverage of individual differences in language acquisition and learning describes how and why they occur and provides contemporary references and the most recent research findings The panel of expert authors provides students with cutting edge up to date research knowledge in an interesting and highly readable format What's New to this Edition Updated atypical language development chapter Ch 9 contains new information about cochlear implants current research on the autism spectrum

disorders new therapeutic approaches to atypical language with an emphasis on Specific Language Impairment and evaluation of recent claims regarding the etiology of atypicality Therapeutic recommendations are presented within the context of Evidence based Practice EBP Includes contemporary topics such as the neurological bases of animal and human communication the value of programs to accelerate language in infants such as baby signs language acquisition in languages other than English adopted foreign children s language acquisition and genetic basis for language that encourage topical discussions Updated with new material on the hypothesized brain mechanisms that underlie language acquisition the aging brain s language processing abilities and advances in the treatment of language disorders New information on using computers and the Internet to carry out directed and student initiated research on language development as well as expanded information on the use of the Child Language Data Exchange System which is now Web based and contains both written transcripts and auditory language samples

**Literacy Development in the Early Years** Lesley Mandel Morrow,1989 Developing Literacy in At-risk Readers Nancy S. Williams, Maureen Brogan,1991 *Play and Child Development* Joe L. Frost, Sue Clark Wortham, Robert Stuart Reifel,2005 With significantly expanded discussions on key topics here is a revised edition of the popular early childhood book that more than any other book on the market ties play directly to child development Through a seamless blend of research theory and practical applications its comprehensive coverage addresses the full spectrum of play related topics The book analyzes play theories and play therapy presents a history of play and discusses current play trends It explores ways to create safe play environments for all children and how to weave play into school curricula Finally the authors examine the role of adults in leading and encouraging children s natural tendencies toward learning by playing Special coverage includes a full chapter on play and children with disabilities and the value of field trips in supporting learning For pre service and in service pre school and primary grade teachers

**Child and Adolescent Development for Educators** Judith L. Meece,2002 Studying child and adolescent development Physical development Cognitive development Piaget s and Vygotsky s theories Cognitive development information processing and intelligence theories Language and literacy development Self concept identity and motivation Peer relations and moral development The family partners in education Supporting the development of children and youth in school

A Practical Guide to Early Childhood Curriculum Claudia Fuhriman Eliason,Loa Thomson Jenkins,1990

**A Survey of Adult Basic Education in South Africa in the 90s** ,1996

**Early Childhood Curriculum** Sue Clark Wortham,1994 With its chronological approach from infancy through Grade 3 this text directly ties curriculum to the understanding of child development Key changes to this edition include o the addition of instructional strategies for meeting standards o information on how teachers can address increased demands for accountability and maintain a quality program o expanded content on integrating the curriculum o a focus on balanced literacy o new discussions on factors that put children at risk

The Early Childhood Curriculum: Inquiry Learning Through Integration Suzanne Krogh, Pamela Morehouse,2007-07-05

Designed for courses in early childhood curriculum Krogh and Morehouse offers detailed instruction on making an inquiry and integration approach to early education work Part One provides a foundation in theory philosophy research and child development the knowledge future teachers will need to create effective curriculum on their own Part Two present an entire chapter devoted to each major curriculum area organized around the standards developed by the relevant national association The how to format and inclusion of actual classroom projects and artifacts make this a truly practical and engaging text
