Developing Social Justice Allies New Directions For Student Services No 11:

Developing Social Justice Allies Robert D. Reason, 2005-07-20 The fiftieth anniversary of the Brown v Board of Education decision 1954 called us as student affairs professionals to reconsider and reaffirm our commitment to social justice. This issue is a call to action to student affairs professionals who are working as social justice allies: those with a commitment to make their college campuses a place where all community members are respected, validated, and fostered in developing their full potential. This issue encourages the development of ally attitudes and action in both students and student affairs colleagues. It first presents the conceptual foundation for social justice ally development and then covers in depth the strategies for the development of social justice behaviors in specific dominant group members. In each case we have intentionally enlisted voices of authors who identify with the dominant and target groups on which the chapter focuses. This is the 110th volume of the Jossey-Bass higher education quarterly report series New Directions for Student Services. An indispensable resource for vice presidents of student affairs, deans of students, student counselors, and other student services professionals, New Directions for Student Services offers guidelines and programs for aiding students in their total development: emotional, social, physical, and intellectual.

The Handbook for Student Leadership Development Susan R. Komives, John P. Dugan, Julie E. Owen, Craig Slack, Wendy Wagner, National Clearinghouse of Leadership Programs (NCLP), 2011-03-08 Praise for the Second Edition of The Handbook for Student Leadership Development: This is a must-have book for leadership educators and all student affairs professionals who want to develop impactful leadership programs and the leadership capacity of students. Buy it. Read it. Use it to develop the needed leadership for our collective future. CYNTHIA CHERREY, vice president for campus life, Princeton University and president, the International Leadership Association. As we continue to encourage leadership behavior in young people, it is very easy to get lost in a forest of new theories, programs, and definitions. This handbook serves as the compass to guide us, and it grounds the field of student leadership development in principles and best practices. Our challenge is to put this work into action. PAUL PYRZ, president, LeaderShape. Comprehensive in design and scope, the second edition of The Handbook is a theory and practice resource manual for every leadership educator, inside and outside of the classroom. LAURA OSTEEN, director, the Center for Leadership and Civic Education, Florida State University. Every college administrator responsible for coordinating student leadership programming should have this book. The Handbook for Student Leadership Development takes the guesswork out of leadership program design, content, and delivery. AINSLEY CARRY, vice president for student affairs, Auburn University. I recommend without hesitation the Handbook for Student Leadership Development to student affairs professionals who desire to enhance the leadership experiences for all their students, as well as teachers who are seeking ways to bolster their students' classroom experiences. Dr. WILLIAM SMEDICK, director, Leadership Programs and Assessment Office of the Dean of Student Life and lecturer, Center for Leadership Education, Johns Hopkins University.
