Developing Professional Level Language Proficiency:

Developing Professional-Level Language Proficiency Betty Lou Leaver, Boris Shekhtman, 2002-09-26 This 2002 book examines approaches to teaching students making the transition from advanced or superior proficiency in a foreign language to near native ability

To Advanced Proficiency and Beyond Newel Anthony Brown, Jennifer Bown, 2015-01-02 Due to the pressures of globalization American society increasingly needs citizens who can carry out Superior level functions in languages other than English Instructors researchers and students of second language acquisition seek scholarly resources to help satisfy this demand In this volume leading experts in second language acquisition and language planning supply cutting edge research on working memory and cognition and empirical studies of effective teaching The theoretical and empirical work in these pages is complemented by descriptions of successful pedagogical practices that take students from the Advanced to the Superior levels and beyond With examples ranging across a number of languages including Russian Chinese and Arabic the volume will serve a broad audience This practical handbook will help seasoned instructors improve outcomes while it can also be used for training new instructors in methods courses

The Routledge Handbook of Language Program Development and Administration Alan V. Brown, Cori Crane, Beatrice C. Dupuy, Estela Ene, 2025-06-30 Second language program development and administration is a long standing area within the larger field of applied linguistics In many ways it is the quintessential applied linguistics field as it crosses disciplinary boundaries while balancing the rigors of scholarly inquiry with the demands of practical application without losing sight of concrete learner outcomes The Routledge Handbook of Language Program Development and Administration provides a scholarly rigorous yet practically relevant treatment of issues implicated in program development and administration with 52 chapters written by leading scholars in the field Authors not only address the theoretical underpinnings of their respective topics but also provide actionable evidence based recommendations concerning eminently practical matters In this way the volume provides both novice and experienced language program administrators with important guidance on how to think about the work that they do and how best to go about it while also validating language program administration as a scholarly area of inquiry The Routledge Handbook of Language Program Development and Administration is essential reading for practicing second language program administrators at the post secondary level in service and pre service second language instructors graduate students in applied linguistics and even upper level undergraduate education students considering second language teaching as a future career Chapters 9 and 11 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Investigations in Teaching and Learning Languages Danuta Gabryś-Barker, Ewa Piechurska-Kuciel, Jerzy Zybert, 2014-07-08 The book presents most recent investigations into foreign language teaching and learning discussed by prominent scholars in the field A wide variety of topics ranges from theoretical approaches to foreign language instruction to

a discussion of findings of empirical research in language learning and pedagogy The theoretical part of the volume tackles issues which constitute the backbone to the understanding of the processes involved in language development learning and teaching and thus contribute to applied research The empirical articles in Parts Two and Three of the volume report on studies focusing on such important issues as various dimensions of awareness language cross cultural competence or affectivity and specific methodologies implemented in different educational settings such as for instance dyslexic learners or in teacher training programmes

Open Architecture Curricular Design in World Language Education Andrew R. Corin, Betty Lou Leaver, Christine M. Campbell, 2025-07-01 A guide to a textbook free approach to world languages curriculums that will improve learning outcomes Open architecture curricular design OACD is a textbook free curricular design framework for teaching and learning world languages that integrates all the best practices in world language education to enhance learning efficiency and effectiveness As editors and pioneers of this method Corin Leaver and Campbell define OACD for world language instructors and second language acquisition researchers from middle school through higher education and beyond The book s chapters demonstrate how to use OACD for a wide variety of languages and proficiency levels in government service academy and university programs Topics covered include the use of authentic texts at all levels learner involvement in the selection of content and activities and methods of assessment and program evaluation [The Art of Teaching Russian](#) Evgeny Dengub, Irina Dubinina, Jason Merrill, 2020-12-01 The Art of Teaching Russian offers Russian language practitioners current research pedagogy and specific methodologies for teaching the Russian language and culture in the twenty first century With contributions from the leading professionals in the field this collection covers the most important aspects of teaching the Russian language

Developing Minority Language Resources Guadalupe Valdés, 2006 This book documents ongoing language shift to English among Latino professionals in California It describes instructional practices used in the teaching of Spanish as an academic subject at the high school and university levels to heritage language students who although educated entirely in English acquired Spanish at home as a 1st language
