Developing Reading Comprehension Paula J. Clarke,Emma

Truelove,Charles Hulme,Margaret J. Snowling,2013-09-24 Developing Reading Comprehension In recent years the debate about teaching young children to read has tended to focus upon equipping them with the crucially important knowledge and skills they need to read words accurately in and out of context that is to say teaching them how the alphabet works for reading and spelling While such knowledge and skills are essential more is required for children to become literate fluent readers who understand what they read In short the goal of reading is comprehension This book scrupulously examines the obstacles to reading comprehension and exemplifies what can be done to help children overcome them It is an important and timely contribution to securing high quality teaching of the range of attributes children need to become fully fledged readers Sir Jim Rose CBE The studies by Professors Charles Hulme and Maggie Snowling and their team over two decades based around the Reading Intervention Programme are the most sustained comprehensive and rigorous research series on reading yet conducted in the UK Their increasing focus on children who experience the most difficulty in reading is exactly where attention should be directed This volume summarises the team s achievements to date and is most eagerly awaited Greg Brooks Emeritus Professor of Education University of Sheffield Member of European High Level Group of Experts on Literacy Developing Reading Comprehension presents a landmark study from the top research team in the UK on how to improve reading comprehension It s an exemplary masters level textbook written with undergraduate level lucidity and approachability Colin Harrison Emeritus Professor of Literacy Studies in Education University of Nottingham A significant minority of children aged 7 11 despite being able to read fluently and accurately have difficulty extracting meaning from text This detailed guide offers three evidence based intervention programmes drawn from the cutting edge of educational psychology for improving the reading skills of children in this group It includes a definitive introduction to the characteristics of the poor comprehender profile and explains how to monitor and assess students experiences and learning outcomes With invaluable strategies for teachers psychologists and special educational needs coordinators the book will help professionals to support learners in their efforts to explore the full richness of language and to read with real understanding

Developing Reading Skills Linda Markstein,Louise Hirasawa,1994-02 First part of series designed for students of English as a second language *Thesaurus of ERIC Descriptors* ,1977 *Register of Educational Research in the United Kingdom, 1992-1995* National Foundation For Educational Research,1995 This latest volume of the Register of Educational Research in the United Kingdom lists all the major research projects being undertaken in Britain during the latter months of 1992 the whole of 1993 and 1994 and the early months of 1995 Each entry provides names and addresses of the researchers

a detailed abstract the source and amount of the grant where applicable the length of the project and details of published material about the research

The Development of Reading Skills Thomas H. Carr, 1985 Focusing on how children learn to read in a language they have previously only spoken this book illustrates the skill theory of reading development which encompasses both new perceptual processes and modified but familiar integrative cognitive processes of language comprehension The chapters discuss the following aspects of learning to read 1 phonemic analysis spelling and reading 2 literacy background and reading development in a second language 3 knowing words and understanding texts 4 discourse structure and mental models 5 the impact of classroom activities on beginning reading development 6 using component skills analysis to integrate findings on reading development and 7 bridging the gap between theory and practice in reading The final chapter lists several journals that publish high quality research on reading and a number of books that provide systematic introduction to the area of reading Hth
