How to Think about Data Science Diego Miranda-Saavedra, 2022-12-23 This book is a timely and critical introduction for those interested in what data science is and isn't and how it should be applied The language is conversational and the content is accessible for readers without a quantitative or computational background but at the same time it is also a practical overview of the field for the more technical readers The overarching goal is to demystify the field and teach the reader how to develop an analytical mindset instead of following recipes The book takes the scientist's approach of focusing on asking the right question at every step as this is the single most important factor contributing to the success of a data science project Upon finishing this book the reader should be asking more questions than I have answered This book is therefore a practising scientist's approach to explaining data science through questions and examples

Mike Nichols Mark Harris, 2022-02-01 One of The Hollywood Reporter's 100 Greatest Film Books of All Time A National Book Critics Circle finalist One of People's top 10 books of 2021 An instant New York Times bestseller Named a best book of the year by NPR and Time A magnificent biography of one of the most protean creative forces in American entertainment history a life of dazzling highs and vertiginous plunges some of the worst largely unknown until now by the acclaimed author of Pictures at a Revolution and Five Came Back Mike Nichols burst onto the scene as a wunderkind while still in his twenties he was half of a hit improv duo with Elaine May that was the talk of the country Next he directed four consecutive hit plays won back to back Tonys ushered in a new era of Hollywood moviemaking with Who's Afraid of Virginia Woolf and followed it with The Graduate which won him an Oscar and became the third highest grossing movie ever At thirty five he lived in a three story Central Park West penthouse drove a Rolls Royce collected Arabian horses and counted Jacqueline Kennedy Elizabeth Taylor Leonard Bernstein and Richard Avedon as friends Where he arrived is even more astonishing given where he had begun born Igor Peschkowsky to a Jewish couple in Berlin in 1931 he was sent along with his younger brother to America on a ship in 1939 The young

immigrant boy caught very few breaks He was bullied and ostracized an allergic reaction had rendered him permanently hairless and his father died when he was just twelve leaving his mother alone and overwhelmed The gulf between these two sets of facts explains a great deal about Nichols s transformation from lonely outsider to the center of more than one cultural universe the acute powers of observation that first made him famous the nourishment he drew from his creative partnerships most enduringly with May his unquenchable drive his hunger for security and status and the depressions and self medications that brought him to terrible lows It would take decades for him to come to grips with his demons In an incomparable portrait that follows Nichols from Berlin to New York to Chicago to Hollywood Mark Harris explores with brilliantly vivid detail and insight the life work struggle and passion of an artist and man in constant motion Among the 250 people Harris interviewed Elaine May Meryl Streep Stephen Sondheim Robert Redford Glenn Close Tom Hanks Candice Bergen Emma Thompson Annette Bening Natalie Portman Julia Roberts Lorne Michaels and Gloria Steinem Mark Harris gives an intimate and evenhanded accounting of success and failure alike the portrait is not always flattering but its ultimate impact is to present the full story of one of the most richly interesting complicated and consequential figures the worlds of theater and motion pictures have ever seen It is a triumph of the biographer s art

Seduced by Mrs. Robinson Beverly Gray, 2017-11-07 An Amazon Best Book of the Month Gray writes smartly and insightfully The book as a whole offers a fascinating look at how this movie tells a timeless story The Washington Post Mrs Robinson you re trying to seduce me Aren t you When *The Graduate* premiered in December 1967 its filmmakers had only modest expectations for what seemed to be a small sexy art house comedy adapted from an obscure first novel by an eccentric twenty four year old There was little indication that this offbeat story a young man just out of college has an affair with one of his parents friends and then runs off with her daughter would turn out to be a monster hit with an extended run in theaters and seven Academy Award

nominations The film catapulted an unknown actor Dustin Hoffman to stardom with a role that is now permanently engraved in our collective memory While turning the word plastics into shorthand for soulless work and a corporate consumer culture The Graduate sparked a national debate about what was starting to be called the generation gap Now in time for this iconic film s fiftieth birthday author Beverly Gray offers up a smart close reading of the film itself as well as vivid never before revealed details from behind the scenes of the production including all the drama and decision making of the cast and crew For movie buffs and pop culture fanatics Seduced by Mrs Robinson brings to light The Graduate s huge influence on the future of filmmaking And it explores how this unconventional movie rocked the late sixties world both reflecting and changing the era s views of sex work and marriage Multilingual ,2007 **International Journal of Comic Art** ,2009
